

## The Personality Compass – at a glance

Everyone has some characteristics from each of the four types, but one will capture the essence of your personality more accurately than the others. That is your dominant type.

No one type is better than another, they're all just different.

Which type are you? Does one immediately jump out as being your personality?

If you're not sure which one you are, an easy way to find out is to the pick which type is **LEAST** like you. Find the one that has characteristics that:

- you don't like
- you tend to avoid
- makes you feel uncomfortable
- you don't do well
- you don't enjoy

Find IT! Now look across the compass to the opposite side and that is your dominant type.

My dominant type is: \_\_\_\_\_
