The Search For Hidden Sacred Knowledge:

The Search for Hidden, Sacred Knowledge Dolores Cannon,2014-12-21 Many of us lived previous lives as keepers of sacred knowledge that was taught in the ancient mystery schools Much of this knowledge was lost through time due to disasters and destruction or death The knowledge was reserved for a select few who devoted their lives to understanding and teaching it

The Search for Hidden, Sacred Knowledge Dolores Cannon,2014 Cannon focuses on the secret knowledge that has been passed from generation to generation after the Extraterrestrials left earth For centuries ET wisdom has been protected by the few who belonged to the secret Wars have been fought and terrible injustices have been committed in attempts to gain access to this knowledge Now it is no longer reserved strictly for oracles in temples it is returning to our time and is now available for all to learn

Summary of Dolores Cannon's The Search for Hidden, Sacred Knowledge

Everest Media,2022-07-02T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1

1 The extraterrestrials developed life on Earth They lived with the savages and taught them basic skills so they would be able to survive and develop a civilization They did not die until they wanted to so they were treated as gods 2 The building of

temples and stone circles was a marker for the passing of the seasons and the positions of certain important stars and

planets The courses were plotted in relation to the lintels and stones This was a highly advanced science by the time of

Atlantis 3 The Egyptians used the stars and the planets to track their seasons and this developed into a more sophisticated

system of astronomy The structures were also visible from space and served as markers for spaceships orbiting the planet 4

There were many different types of people in the temple some of whom were angry because they didn't want to be there They

said they were from neighboring galaxies or neighboring stars

Gospel Symbols: Finding the Creator in His

Creations Mark A. Shields,2023-02-02 The Liahona isn't the only type or symbol in the scriptures In fact Moses tells us that all things testify of their Creator This means that there are symbols all around us that can teach us things of eternal value if

only we can open our eyes and hearts to their messages We know that God's symbolism teaches messages that words simply

can't But these symbols don't exist just so we can be impressed with an interesting bit of knowledge and move on unaffected

by the insight Symbolism is meant to shape who we are not just what we know Gospel Symbols Finding the Creator in His

Creations will Show you new levels of understanding in words and rituals you probably take for granted Provide you with life

changing insights Supercharge your study of eternal principles Enhance your understanding of the ordinances and

ceremonial practices of the biblical Church In a clear easy to understand approach this book combines ancient scriptures and

modern insights to teach you and your family the precious truths found only in gospel symbols
