What Makes You Not A Buddhist:

What Makes You Not a Buddhist Dzongsar Jamyang Khyentse, 2025-06-03 An innovative meditation master cuts through common misconceptions about Buddhism revealing what it truly means to walk the path of the Buddha So you think you re a Buddhist Think again Tibetan Buddhist master Dzongsar Jamyang Khyentse one of the most creative and innovative lamas teaching today throws down the gauntlet to the Buddhist world challenging common misconceptions stereotypes and fantasies With humor and irony Dzongsar Khyentse urges readers to move beyond the superficial trappings of Buddhism beyond the romance with beads incense or exotic robes straight to the heart of what the Buddha taught Packed with new material this second edition of Dzongsar Jamyang Khyentse s classic now features an incisive critique of contemporary Western approaches to Buddhism that lead to some fundamental misunderstandings paired with a heartfelt encouragement of the power of the teachings to transform us if we approach them with the right intention and view This edition also includes an all new discussion of what does make you a Buddhist as well as updated material throughout *What Makes You Not A Buddhist* Dzongsar Jamyang Khyenste, 2009 [Freeing the Heart and Mind](#) Sakya Trizin, 2011-05-01 His Holiness Sakya Trizin the head of the glorious Sakya lineage one of the four primary schools of Tibetan Buddhism presents here the essential Buddhist teachings of the four noble truths universal compassion and the proper motivation for practice This book opens by sharing a private teaching His Holiness gave to a young newcomer seeking to understand this great master s spiritual heritage His Holiness s advice inspires us to integrate the living power of these teachings into our daily lives Full of timeless wisdom *Freeing the Heart and Mind* contains in addition to this introduction an explanation of the teaching *Matchless Compassion* by the Indian saint Virupa and a selection of commentaries on the essential teaching called *Parting from the Four Attachments* Developed as the first volume in a course of study for students of the Sakya tradition it nonetheless stands alone as an excellent entry into the teachings of the Buddha *Freeing the Heart and Mind* includes a full color photo insert of Sakya lineage masters *Buddhism in England* ,1926 [Tricycle](#) ,2007 **A Buddha Land in This World** Lajos Brons, 2022 In the early twentieth century Uchiyama Gud Seno o Gir Lin Qiuwu and others advocated a Buddhism that was radical in two respects Firstly they adopted a more or less naturalist stance with respect to Buddhist doctrine and related matters rejecting karma or other supernatural beliefs And secondly they held political and economic views that were radically anti hegemonic anti capitalist and revolutionary Taking the idea of such a radical Buddhism seriously *A Buddha Land in This World* Philosophy Utopia and Radical Buddhism asks whether it is possible to develop a philosophy that is simultaneously naturalist anti capitalist Buddhist and consistent Rather than a study of radical Buddhism then this book is an attempt to radicalize it The foundations of this radicalized radical Buddhism are provided by a realist interpretation of Yog c ra elucidated and elaborated with some help from thinkers in the broader Tiantai Tendai tradition and American philosophers Donald Davidson and W V O Quine A key implication of this foundation is that only this world and only this life are real from

which it follows that if Buddhism aims to alleviate suffering it has to do so in this world and in this life Twentieth century radical Buddhists as well as some engaged Buddhists came to a similar conclusion often expressed in their aim to realize a Buddha land in this world Building on this foundation but also on Mah y na moral philosophy this book argues for an ethics and social philosophy based on a definition of evil as that what is or should be expected to cause death or suffering On that ground capitalism should be rejected indeed but utopianism must be treated with caution as well which raises questions about what it means from a radicalized radical Buddhist perspective to aim for a Buddha land in this world Lajos Brons is a Dutch philosopher and social scientist living in Japan After receiving a PhD from the University of Groningen in the Netherlands for a dissertation on an aspect of the history and philosophy of the social sciences he gradually moved further and further into philosophical territory Currently Lajos is teaching logic ethics and philosophy at a university in Tokyo His research interests are divided over two broad areas in philosophy one is in the overlap of meta ethics and social political philosophy the other is in the intersection of philosophy of language metaphysics and epistemology Research in the former focuses on the relations between death suffering and compassion Research in the latter concerns the relations between language thought and reality and is heavily influenced by the philosophies of Donald Davidson and W V O Quine and by Buddhist philosophy More information about publications and research interests as well as Lajos s blog can be found at www.lajosbrons.net
