The New Patriarchs of Digital Capitalism Ben Little, Alison Winch, 2021-06-23 This book offers an original critique of the billionaire founders of US West Coast tech companies addressing their collective power influence and ideology their group dynamics and the role they play in the wider sociocultural and political formations of digital capitalism Interrogating not only the founders political and economic ambitions but also how their corporations are omnipresent in our everyday lives the authors provide robust evidence that a specific kind of patriarchal power has emerged as digital capitalism s mode of command The New Patriarchs examined over the course of the book include Sergey Brin and Larry Page of Google Elon Musk of Tesla Jeff Bezos of Amazon Mark Zuckerberg of Facebook and Peter Thiel We also include Sheryl Sandberg The book analyses how these mostly men legitimate their rapidly acquired power tying a novel kind of socially awkward but visionary masculinity to exotic forms of shareholding Drawing on a ten million word digital concordance the authors intervene in feminist debates on patriarchy masculinity and postfeminism locating the power of the founders as emanating from a specifically racialised structure of oppression tied to imaginaries of the American frontier the patriarchal household and settler colonialism This is an important interdisciplinary contribution suitable for researchers and students across Digital Media Media and Communication and Gender and Cultural Studies

Talent Acquisition Excellence Kevin Wheeler, Bas van de Haterd, 2024-02-03 WINNER American Book Fest Best Book Awards 2024 Business General Are talent acquisition technologies really making a difference Which capabilities should I care about and how do I use them Are recruitment analytics necessary Talent Acquisition

Excellence answers all these questions and more. Written for recruiters and Talent Acquisition (TA) specialists, this book outlines which technologies and digital capabilities are available and explains how to use them, as well as how to assess what impact they can have on your organization's recruitment activities. It includes coverage of artificial intelligence (AI) algorithms, automation, and machine learning, and also has broader discussion of the talent supply chain and talent intelligence. This book also explores technology for sourcing, employer branding, and job adverts, as well as digital pre-selection, video interviewing, and virtual apprenticeships. The final part of the book is dedicated to analytics and explains what to measure and why, the difference between predictive and prescriptive analytics in recruitment, and showcases what a data-driven approach to recruitment can help you to achieve. Throughout the book, there is essential discussion of the ethics of using technologies and analytics in recruitment, as well as a focus on the skills needed to be a future-proof recruiter. Each chapter includes an example scenario to put the capability in context, as well as case studies from organizations in the US, UK, Europe, and the Middle East. Talent Acquisition Excellence is ideal reading for all recruiters and talent acquisition professionals who need to understand the digital possibilities in the industry.

The power of impact Anouk van Oordt, Coline Lescot, 2025-09-18

Organisations today face deep uncertainty and growing pressure to transform from within and from the world around them. Signs of disconnection are everywhere between people and purpose, brand and behaviour, profit and planet. *The Power of Impact* is intended for leaders who recognise that tension and want to act. Leaders who care about doing the right thing, making meaningful impact, and bringing coherence to what their organisation thinks, does, and values. This book presents two key frameworks: the Transformational Spiral, guiding a participative journey, and the Coherence Compass, which uncovers misalignments between purpose, behaviour, culture, and space. It offers a practical, personal guide to reveal the invisible, reconnect what matters, and build organisations that are future-fit, inspiring, and truly worth believing in. This fascinating book explores how sustainability is no longer just a constraint; it's a catalyst for bold thinking, breakthrough ideas, and lasting value.

PETER HINSSEN, global innovation and leadership expert, keynote speaker, entrepreneur, and author of *The Uncertainty Principle*. In *The Power of Impact*, Anouk and Coline invite us to redefine success. They challenge us to co-create with our teams, listen deeply, and design spaces that foster genuine connection.

ELS THERMOTÉ, CEO at The Nest Family Office, entrepreneur, and investor in sustainable companies. This book shows leaders how coherence between what you say, do, feel, and leave behind shapes meaningful employee and customer experiences.

STEVEN VAN BELLEGHEM, recognised expert in customer experience, keynote speaker, entrepreneur, and author of *A Diamond in the Rough*. This book exposes the silent cracks between what companies say and what employees experience every day. Through a five-step approach, it shows how to reconnect strategy, behaviour, and spaces to create real change.

BEATRICE DE MAHIEU, CEO at BeCode, expert in innovation and digital transformation, and entrepreneur. Get ready to be surprised, challenged, and energised. This book invites you to take a fresh look at your organisation, showing how observation, psychology, and architecture can be as powerful as business.

The Science of Growth Sean Ammirati, 2016-04-26 In The Science of Growth venture capitalist and Carnegie Mellon professor Sean Ammirati tackles the dos and don ts of successful scaling by looking at the startups that have won and lost The lean entrepreneurship movement has captivated Silicon Valley and entrepreneurs across the country It s provided an agile framework to develop the right product solution for a given target market and is now used by almost every fledgling company to do just that The next challenge is growth to achieve the financial returns and more importantly the impact they dreamed of when starting off on their adventure Why do some companies realize the VC s goal of a 10x return on investment while others flounder What differentiates the companies that become part of the fabric of our lives and remain responsive no matter how big they get from those that quickly fade To find out Ammirati looks at 20 different companies in pairs who have achieved product market fit at about the same point in history with the same general target customer one of which has gone on to achieve real scale while the other languished As his research reveals just a handful of choices among them who to partner with how to finance growth and how to use data make all the difference in the world With such intriguing examples as LinkedIn vs Spoke Facebook vs Friendster and McDonald s vs White Castle Ammirati shows the secret of the science of growth and how to cultivate it in any organization

The Intrapreneur's Journey Hugh Molotsi, Mjumo Mzyece, Ogundiran Soumonni, Jeff Zias, 2023-05-01 An essential business guide on how to develop an organization s innovation culture and internal entrepreneurs intrapreneurs The Intrapreneur s Journey Empowering Employees to Drive Growth is an essential guide on effectively creating and implementing a sustainable culture of innovation and entrepreneurship within organizations The book is based on the insight that established organizations see continuous delivery of innovative products services and processes when they enable teams of entrepreneurial employees to think and behave like start ups Three qualities make this book unique First it explores the

theory and practice of intrapreneurship and innovation with a particular but not exclusive focus on key issues in African contexts Second it includes a large diverse set of instructive examples and case studies of intrapreneurship and innovation in organizations in Africa And third it features a useful toolkit the Intrapreneurship Empowerment Model a simple yet complete implementation framework The book includes key resources of practical real world tools and assets used by some of the world s most intrapreneurial and innovative organizations The Intrapreneur s Journey adds value for both practitioners and scholars of intrapreneurship and innovation in Africa and other parts of the world

Exception to the Rule: The Surprising Science of Character-Based Culture, Engagement, and Performance Peter J. Rea, James K. Stoller, Alan Kolp, 2017-09-15 The antidote to navigating turbulent times isn t more rules It is timeless virtue that creates sustainable value Thoughtful leaders are keenly aware of the enormous challenge they face to drive high performance in a world that continues to ratchet up pressure and uncertainty Some leaders respond by getting tough and establishing strict rules They get people in line but they don t inspire excellence Wise leaders on the other hand help their people practice character to navigate their way through the turbulence without lowering performance expectations As a result their people are more reliable under pressure

Exception to the Rule links ancient wisdom with contemporary science on high performance teamwork and engagement Building an organizational culture based on classical virtues of trust compassion courage justice wisdom temperance and hope is both strategically smart and a better way to live *Exception to the Rule* walks you through the steps of helping everyone in your organization focus on character defined by virtue The word virtue means excellence which is why each one is essential to help people perform at a high level despite uncertainty and pressure Under character based leadership teams work better together creativity flourishes and engagement increases The most powerful idea of *Exception to the Rule* is this character defined by virtue is not based on birthright it can be learned and practiced Everyone can develop habits to become better than they were While character cannot be legislated character can be cultivated As virtue proves its value the culture you have can evolve into the culture you need
