Basketball's popularity is not confined to the United States. The game is also enjoyed internationally, with rules available in thirty languages. Basketball is included among the Olympic sports.

**HISTORY OF THE GAME**

In 1891, a physical education instructor at a YMCA Training School in Massachusetts invented basketball as an indoor activity for boys. The game began with two peach baskets tied to balconies and a soccer ball used to shoot baskets. Two years later, two college teams began to play basketball. The game's popularity has increased continuously ever since.

The National Basketball Association (NBA) is the largest professional sports league. It was created when the Basketball Association of America and the National Basketball League merged in 1949. The majority of professional players are recruited by the NBA from college ranks.
