**My First Theory Book** Lina Ng,1995      My First Theory Book Level 1 S.M.P.F. Incorporated,2006-01-01      **My First Theory Book Level 2** S.M.P.F. Incorporated,2004-01-01      **Catalog of Copyright Entries** Library of Congress. Copyright Office,1960      Explorations in Classical Sociological Theory Kenneth Allan,2005-01-12 Rather than a work of theory itself Explorations in Classical Sociological Theory Seeing the Social World is an insightful work that invites students to think creatively reflexively and critically about their social worlds Written in a conversational tone that lifts the veil of theoretical jargon Explorations in Classical Sociological Theory introduces students to the major classical theorists including Marx Spencer Durkheim Weber Simmel Mead Schutz Gilman and Du Bois This text focuses on the individual perspective of each theorist rather than schools of thought and uses the provocative ideas of modernity and postmodernity to help students understand how the theoretical historical perspectives apply to their own time period      **Life and Death at Work** Tom Dwyer,2013-11-21 This book benefited from the financial support of a French Government scholarship between 1976 and 1978 It sponsored a doctoral thesis in which initial theoretical empirical and historical reflections on accidents were developed and written while I was a student at the Ecole des Hautes Etudes en Sciences Sociales in Paris The New Zealand Department of Labour funded a study on industrial accidents and night work during 1979 80 In 1982 83 the award of a postdoctoral fellowship by the University of Canterbury New Zealand permitted a first version of this book to be finished In the summer of 1986 87 the Funda ao de Amparo a Pesquisa do Estado de Sao Paulo FAPESP and the Laboratoire d'Ergonomie et de Neurophysiologie du Travail of the Centre National des Arts et Metiers joined forces to fund a stay in Paris where the second draft of this book was presented in a special doctoral seminar series The third draft was completed during a 1988 research leave granted by the Conjunto de Ciencia Politica of the Universidade Estadual de Campinas UNICAMP On a further research leave from the same unit and thanks to a postdoctoral fellowship from the Brazilian Conselho Nacional de Desenvolvimento Cientifico e Tecnol6gico CNPq final redrafting was carried out between August and October 1990 when I was a visiting fellow in the Science Technology and Society Program at Cornell University I am deeply grateful to these institutions for their generosity      **Me Too, Feminist Theory, and Surviving Sexual Violence in the Academy** Laura A. Gray-Rosendale,2020-03-09 Powerfully written and theoretically grounded Me Too Feminist Theory and Surviving Sexual Violence in the Academy collects a range of perspectives from sexual assault survivors with backgrounds in academia The contributors in this collection connect their experiences of sexual violence to their research and work within the academy as well as their lives outside of it Contributors analyze the events surrounding their experiences with sexual violence as well as the cultural social and political effects Their analyses are located within discussions of recent cultural events and the larger contexts of race ethnicity class age gender sexuality region and nation      **Time, Memory, and the Politics of Contingency** Smita A. Rahman,2014-07-11 In recent years there has been an increased attention to temporality in political

theory and such attention is sorely needed For too long political theory with the exception of occasional phenomenological forays has remained grounded in a particular experience of time as linear and sequential This book aims to unsettle the dominant framework by putting time itself and the experience of time in everyday life at the center of its critical analysis Smita Rahman focuses on the experience of time as one where past present and future intermingle with each other and refuse to adhere to a sequential structure Rather than trying to tame the flux of time this book places this out of joint experience of time at the center of its analysis of global politics Rahman takes the highly abstract concept of time and decenters it to speak to a wide range of political issues across disciplines She does so by exposing the cultural construction of the foundational concept of time in political theory and attending closely to the challenges of cultural incommensurability that it encounters in a globalized world of difference Specifically the book looks at interrogation practices in Afghanistan the challenges of coping with the burdens of collective memory in Algeria South Africa and Rwanda the difficulty of uncritically applying such a framework to the Muslim world through the language of secularism and finally at the beginnings of democratic emergence in Bangladesh to explore a politics of contingency By focusing on issues of contemporary global politics through the lens of political theory this book draws on literature across disciplines and explores the complex image of time by engaging the work of thinkers for whom time and memory have emerged as a critical issue of analysis and unpacking the politics of contingency that emerge from such a reading The book s new insights on political temporality will interest scholars of contemporary political theory comparative political theory critical theory human rights conflict studies and religion and politics Contraception (birth Control) Its Theory, History and Practice Marie Carmichael Stopes,1923
