Impact of Influencer

Marketing on Young Women's Customer Experience on Cosmetic Products Jule Prescher, 2023-06-06 Bachelor Thesis from the year 2023 in the subject Communications Multimedia Internet New Technologies grade 1.3 University of applied sciences Cologne language English abstract This thesis aims to realize how influencer marketing performs and its impact on the Cx Therefore the research addresses the following questions How powerful are influencers these days What is different about influencer marketing and why is it a successful strategy How do people perceive information shared by influencers and which factors are decisive for potential customers to purchase products advertised by influencers What impact does an influencer have on the overall Cx The internet has been fully integrated into people's daily lives worldwide over the past years The percentage of the world's population with access to the internet has doubled from 32% in 2011 to 63% in 2021

90% of people from developed countries access the internet in 2021. At the same time, the number of social network users is increasing. These networks have the purpose of connecting with friends. In 2022, 5 billion people have access to the internet worldwide, and 4.7 billion people use social media (SM). Ultimately, 93% of those with internet access own at least one SM account, which is more than half the population worldwide. Through time, companies found new marketing strategies which reached active people on SM. These platforms are necessary to reach Generation Z people, born in the late 1990s. They are different and cannot be reached in the same way as they watch Netflix instead of TV or listen to Spotify instead of the radio, for example. Influencer marketing became a 10 billion industry in 2020. Influencers share their lives on SM networks. Due to their high reach, they receive offers from companies for cooperation. Influencers' followers admire and trust their recommendations due to their personal and authentic representation. While advertising products, influencers show how to use them, where to buy them, and give their opinion. For higher sales, influencers often receive promo codes for a discount or free products for each order.

Bootstrapped Alissa Quart,2023-03-14 An unsparing incisive yet ultimately hopeful look at how we can shed the American obsession with self reliance that has made us less healthy less secure and less fulfilled The promise that you can pull yourself up by your bootstraps is central to the story of the American Dream It s the belief that if you work hard and rely on your own resources you will eventually succeed However time and again we have seen how this foundational myth with its emphasis on individual determination brittle self sufficiency and personal accomplishment does not help us Instead as income inequality rises around us we are left with shame and self blame for our condition Acclaimed journalist Alissa Quart argues that at the heart of our suffering is a do it yourself ethos the misplaced belief in our own independence and the conviction that we must rely on ourselves alone Looking at a range of delusions and half solutions from grit to the false Horatio Alger story to the rise of GoFundMe Quart reveals how we have been steered away from robust social programs that would address the root causes of

our problems Meanwhile the responsibility for survival has been shifted onto the backs of ordinary people burdening generations with debt instead of providing the social safety net we so desperately need Insightful sharply argued and characterized by Quart s lively writing and deep reporting and for fans of Evicted and Nickel and Dimed Bootstrapped is a powerful examination of what ails us at a societal level and a plan for how we can free ourselves from these self defeating narratives

How Not To Get Rich Alan Pell Crawford,2017-10-17 A Wealthmanagement com Best Business Book of 2017 An uproarious account of Mark Twain s endless attempts to strike it rich all of which served only to empty his pockets Mark Twain s lifetime spans America s era of greatest economic growth And Twain was an active even giddy participant in all the great booms and busts of his time launching himself into one harebrained get rich scheme after another But far from striking it rich the man who coined the term Gilded Age failed with comical regularity to join the ranks of plutocrats who made this period in America notorious for its wealth and excess Instead Twain s mining firm failed despite striking real silver He ended up somehow owing money over his 70 000 acres of inherited land And his plan to market the mysteriously energizing coca leaves from the Amazon fizzled when no ships would sail to South America Undaunted Twain poured his money into the latest newfangled inventions of his time all of which failed miserably In Crawford s hilarious telling the familiar image of Twain takes on a new and surprising dimension Twain s story of financial optimism and perseverance is a kind of cracked mirror history of American business itself in its grandest cockeyed manifestations its most comical lows and its determined refusal to ever give up
