Buil, Cristina Torrecillas, Manuel Morato-Moreno, 2026-02-02 This is the second volume of two containing the papers presented at the 34th INGEGRAF International Conference to be held on 25-27 June in Seville Spain. In addition to reporting on cutting edge topics in product design and manufacturing it provides insight into innovative design and computer aided design. Further topics covered include virtual simulation and reverse engineering, additive manufacturing, product manufacturing, engineering methods in medicine and education, representation techniques, engineering and construction advances as well as tools and methodologies related to aeronautics and aerospace design and modeling. Organized into five thematic sections, the full book reflects the conference's core focus areas. Besides providing researchers, engineers, and experts with extensive information for their daily work, the contributions presented here will also stimulate new research directions, advanced applications of the methods discussed, and future interdisciplinary collaborations among researchers, engineers, and experts in a variety of industrial engineering subfields.

**Artificial Imagination Unleashed: The AI Revolution in Creative Arts and Entertainment** Dizzy Davidson, 2025-08-02 If you've ever stared at a blank canvas, empty doc, or silent music track wondering what to create next. If you're an artist, designer, musician, writer, or simply someone who wishes to express their creativity but struggles with time, inspiration, or technical know-how. If you've heard of AI creating art but don't know where to begin or how to use it in your own life. This book is for YOU. Artificial Imagination takes you deep into the playful, powerful world where smart machines co-create with humans to turn creative dreams into real-life masterpieces. No jargon, no complexity. Just clear, engaging stories, tools, and guides that will help you unlock your inner genius with AI by your side.
