**The Religion Is Easy** Adam Brown,2025-07-01 Islam continues to be a source of curiosity in a world where many other faith traditions are losing followers Intended as inspiration for minds curious about Islam The Religion Is Easy offers a rich content addressing many core issues like the pillars of Islamic practice and scientific discoveries that relate to the Quran Other intriguing concepts discussed in the book include authorship of the Scripture why people convert etc Aiming to emphasize the fact that Islam is not a difficult exotic austere religion but one that is easy to understand and easy to follow The Religion Is Easy provides a modern angle that will appeal to non Muslims with data on tangible features that argues that the world is created not random While combatting the misunderstanding and mistranslation of Islamic concepts such as jihad and fatwa often found in western media the book also describes some heroes of Islam from the Prophet s time e g Bilal to the present day e g Sadio Man

**Shattering the Myth** Bruce B. Lawrence,2018-06-05 Islam is often portrayed especially in Western media as an alien violent hostile and monolithic religion whose adherents are intent upon battling nonbelievers throughout the world Shattering the Myth demonstrates that these conceptions more accurately reflect the bias of Western reporters than they do the realities of contemporary Islam Westerners are barraged by images of violence that usually originate from armed confrontations in one small corner of the world Islam Bruce Lawrence argues is a complex international religious system that cannot be reduced to stereotypes As Lawrence demonstrates Islam is a religion shaped as much by its own postulates and ethical demands as by the specific circumstances of Muslim people in the modern world The last two hundred years have brought many challenges for Muslims from colonial subjugation through sporadic revivalism to elitist reform movements and most recently pervasive struggles with fundamentalism During each period Muslims have had to address internal tensions as well as external threats Today Muslims in the post colonial era only some of whom are Arab and living in the Middle East are playing ever greater roles in economic changes both regional and international As the impact of these changes has become evident in societies around the globe new leaders have come into public view The most remarkable emerging presence is that of Muslim women Lawrence argues that it is the experience of Muslim women in particular that calls for a more nuanced understanding of Islam today It is time Lawrence believes to replace inaccurate images of Islam with a recognition of the multifaceted character of this global religion and of its widely diverse adherents Here he describes changes that are taking place throughout the world particularly in Southeast Asia enacted by governments and nongovernmental organizations alike In a time of rapid international change Lawrence suggests that it is time for our images of Islam to reflect more clearly the realities of Islam as it is lived Shattering the Myth provides significant insights into the history of Islam and a greater understanding of the varied experiences of Muslims today An informed interpretation of the contemporary Muslim experience Lawrence s explanations for the particular states of affairs in Egypt Iran Pakistan and Malaysia among other cases are compelling A distinguished

ransomed by the English Parliament fifteen years later Praise from readers Raw emotional and gripping are the best words for me to describe it It was one of those just one more chapter scenarios at two o'clock in the morning K N Home BookSirens A wonderful read Shonna Froebel Canadian Bookworm A skillfully rendered fictional account of an obscure but fascinating slice of history Kirkus Reviews June 2023 The Barbary Slave trade and in particular the kidnapping of almost an entire village Baltimore Ireland in the 1600s is covered so well in this historical novel The book is fast paced it starts with action and then every page has another aspect that draws the reader in I very nearly read the whole book in one sitting Aly Warner BookSirens An amazing book so well written I never realized the extent of slavery whole villages taken from the coasts of Ireland and the south coast of England I strongly recommend this book I have enjoyed reading it but have also learned so much Janet Thomson BookSirens An amazing tale of slavery that is part history and part fiction The author is a fantastic storyteller Terrible what these adults and children went through being transported to another country and then sold off as slaves This is a must read not just for the history buff but for everyone Five star book Joyce BookSirens
