The Only Guide to a Winning Investment Strategy You'll Ever Need Larry E. Swedroe,1998 The first book to show individual investors how to

move from active to passive index funds and play a winner's game. Throughout the last fifteen years of the bull market individual investors were able to participate and amass financial holdings by way of mutual funds. But the constant buying and selling to beat the market and grow their funds' wealth also entailed costs and capital gains. And who paid for it? The investor. Over the past 20 years smart investors began switching to index mutual funds to keep more of their money. Index funds buy and hold all of the stocks in an index dramatically reducing trading costs and taxes. And now with Larry Swedroe's expert advice the small investor can take advantage of this investment strategy and win big. In *The Only Guide to a Winning Investment Strategy You'll Ever Need* Larry Swedroe explains how index mutual funds out-earn older investment strategies. How to pick the right balanced passive portfolio that will reward investors with the highest expected return for the amount of risk the investor is willing to accept. How to play the winner's game with this big and rapidly growing investor trend. Based on over forty years of research by the world's leading financial economists the advice Larry Swedroe offers in this new and valuable book shows that those willing to move beyond conventional wisdom will open themselves to a method of great financial growth.

Index Fund Investing Charlie Evans, 2019-06-20

If you are looking for a one-stop shop about index investing you have found the right book. Developed in 1976 by John Bogle, index funds have become one of the more popular ways to invest in your future. While Bogle worried that investors wouldn't dive into the Vanguard 500 index fund at the beginning he quickly found out how hot index funds would become. Within 30 years the market held nearly 300 different indexes. But what exactly is this new phenomenon in the investing world? The answer to this question is in this book. Throughout the book you will not only learn what an index fund is but you will read about some of the hottest indexes on the market. You will receive tips about index investing from investing guru Warren Buffett and others. You will learn about the advantages to index investing, the disadvantages and what mistakes you should watch out for as you begin your index investing journey. This isn't just any book on the market about index investing. This is a guide which can give you some of the best advice, information and resources to help you get closer to hitting the buy button on your first index fund. Start investing for your future with this book today.
