stakeholders In digital communication content marketing plays a major role in achieving business benefits In fact valuable B2B content marketing initiatives can drive website traffic customer engagement and inbound leads which yield sales and retain customers In the context of this digital environment companies increasingly aim to provide relevant engaging content assets to acquire new leads and create business benefits This raises the following question What digital content assets encourage website visitor engagement and how does this relate to customer progress in the B2B buying cycle According to the literature content that is consistent timely and contains exclusivity messages that matter to the target audience lead to engagement However engagement is obviously dependent on individual customer needs motives and goals It should therefore be interesting for companies to know how to turn their website visits into engaged visits but research on engagement combined with content marketing is scarce especially in the B2B context *New York Supreme Court* ,

Bureau of Agricultural Economics,1928 **Taking Traditional Knowledge to the Market** Maarten Bode,2008 Taking Traditional Knowledge to the Market explores the paradox at the heart of the ayurvedic and unani medicine manufacturing industry to present itself as modern and traditional common and professional at the same time On the one hand the natural wholesome and authentic nature of these medicines is juxtaposed with the synthetic violent and iatrogenic character of western medicines which dominate the Indian market They are linked to Indian popular culture the heyday of Indian civilisation and a humane approach to medicine At the same time large ayurvedic and unani manufacturers use modern science and technology to create a competitive edge and distance themselves from the image of backwardness that also sticks to Indian medical traditions Based on an ethnographic fieldwork

from 1996 to 2002 Maarten Bode studies five Indian ayurvedic and unani medicine firms Hamdard Zandu Dabur Himalaya and Arya Vaidya Sala The narrative follows the perspective of these manufacturers and hence provides an insight into the categorisations and the characteristics of the consumer Bode also reveals that researches conducted by large ayurvedic and unani manufacturers on their best selling brands follow logic positivistic and biomedical lines often ignoring humoral concepts and classical pharmacological notions **Refrigerating World** ,1925 *Reports of Cases Argued and Decided in the Supreme Court of the State of Texas* Texas.
