Question 2:

What changes happen during adolescence?

Answer 2:

Adolescence could be a time for growth spurts and puberty changes. A young adult may grow several inches in several months followed by a period of very slow growth, then have another growth spurt. Changes with puberty (sexual maturation) may happen gradually or several signs may appear at the identical time.

Question 3:

What's invincibility fable?

Answer 3:

The invincibility fable may be a style of thought pattern that's noted most often in teenagers. It's an egocentric way of thinking that's characterized by a belief of indestructibility; that they will not get caught when doing wrong which they will not be hurt (or killed) by engaging in risky behaviors.

Question 4:

What makes an individual selfish and self-centered?

Answer 4:

An unpleasant person wants everything for themselves, with no thought for the requirements of others. Someone who is self-centered is pre-occupied with themselves and is solely concerned with their own welfare, needs and interests. Self-centered people tend to not only be selfish but also egotistical and self-sufficient.

Question 5:

What are the three main cognitive theories?

Answer 5:

There are three important cognitive theories. The three cognitive theories are Piaget's developmental theory, Lev Vygotsky's social cultural cognitive theory, and therefore the information process theory. Piaget believed that children undergo four stages of cognitive development so as to be ready to understand the globe.
