

A person's hand is shown holding a smartphone. The phone's screen displays the letters 'SEO'. Surrounding the phone are several circular icons representing different aspects of SEO: a magnifying glass over a document, a globe, a magnifying glass over a leaf, a magnifying glass over a document, a laptop, a globe, an envelope, a magnifying glass over a person, a magnifying glass over a person, and a magnifying glass over a document. The background is a warm, orange-toned gradient.

**Humanizing Online Teaching and Learning in Higher Education** Gray, Laura E.,Dunn, Shernette D.,2024-03-11

The surge in enrollment for online courses is continually increasing. However, beneath the convenience lies a challenge that demands a resolution. Educators, administrators, and instructional designers must ensure that the human element is not lost in the virtual corridors of learning. Students with diverse backgrounds and learning needs require more than a simple virtual classroom. Research reveals a concerning trend: high attrition rates in online courses, often attributed to a lack of engagement and insufficient human interaction. To reverse this trend, deliberate measures must be taken to humanize the online learning environment. This book provides several solutions, offering an array of tools and strategies to promote engagement and infuse the human touch into online spaces. To confront this multi-layered challenge, it becomes paramount to undertake deliberate measures aimed at humanizing the online learning environment.

*Humanizing Online Teaching and Learning in Higher Education* steps forward as a guide, offering an extensive array of tools and strategies meticulously crafted to foster student engagement and infuse the essential human touch into the digital educational landscape. *Digitization in Education: Risks, Values and Opportunities* Luc Massou, Philippe Bonfils, Emilie Remond, Mariam Gawich, Marco Alfonse, 2026-02-10. This book constitutes the refereed proceedings from the 14th Mediterranean Conference on Information and Communication Technologies in Education (TICEMED 2024) held in Cairo, Egypt, in October 15-17, 2024. The 15 full papers presented in this book were carefully selected and reviewed from 42 submissions. These papers have been organized in the following topical sections: AI integration in Pedagogy; Ethical and Critical Challenges; Digital Technologies in Education and Learners' Perspectives; Hybridization and Learning Experiences. *Innovations and Applications of Technology in Language Education* Hung Phu Bui, Raghvendra Kumar, Nilayam Kumar Kamila, 2024-07-12. The linguistics and language education world has recently experienced a rapidly proliferating interest in applying technology. This interdisciplinary area bridges the gap between two previously separate fields. *Innovations and Applications of Technology in Language Education* is a collection of 12 chapters by an international group of language and linguistics education experts. Although technology in language education is a global interest, its practices should be contextualized. This book covers how language educational technology is currently applied, discusses how it should be applied, and gives directions for its future development. Providing a critical review of respective current practices and perspectives, this book begins by presenting a set of research-based principles for developing second language teachers' professionalism. It then examines the use of technology to enhance students' English language skills. Acknowledging the advantages and disadvantages of AI-mediated communication, this book argues for the use of AI to facilitate communication in language education. It also proposes the use of AI to develop and administer language tests and suggests guidelines for practitioners to deploy AI in developing and administering language tests efficiently. This book concludes by discussing technology for specific purposes in second language education and the potential of computer-mediated communication (CMC) to enhance interaction between students. *Comparative Approach to Drivers, Trends, and Challenges in Online Higher Education: Pre- and Post-COVID-19* Amemado, Dodzi Jean-Antoine, 2025-04-11. Online higher

education has seen significant transformations in recent years particularly in the wake of the COVID 19 pandemic A comparative approach to understanding the drivers trends and challenges in online learning reveals a shift from pre pandemic to post pandemic periods Before COVID 19 online education was seen as a supplementary option for non traditional students driven by technological advancements and demands for flexibility However the pandemic created a fast adoption of online platforms making digital learning a central feature of higher education This shift has shown greater academic accessibility and global reach but reveals pressing challenges related to digital equity quality of education and student engagement Examining these issues may highlight the evolving nature of online higher education and provides a framework for understanding its future trajectory Comparative Approach to Drivers Trends and Challenges in Online Higher Education Pre and Post COVID 19 explores new strategies and challenges in global online higher education It offers insights into the motivations behind technological adoption in universities the obstacles faced and emerging trends across various regions This book covers topics such as data science digital technology and blended learning and is a useful resource for educators computer engineers academicians researchers and scientists
