A Moment Of Clarity:

Woman of The Moon Pamela Wasabi,2020-01-09 Woman of the Moon is a poetry book that speaks to the heart in the heart's own language Our minds often try to label earthly occurrences but only our heart can make sense of them That sense is not always the explanation we want to hear but that sense fills our guts with such emotion that its answer transforms the meaning of our existence This book is filled with wild feminist prose proposing the liberation of the soul from the oppression imposed by a society driven by the ego mind Pamela's poetry spills love over the pages it is a dance between stanzas that describe the need for a radical sense of self love a gut adoration for life and a deeper look at our collective relationship with the world WOM celebrates life on this planet for the short period of time during which we are fortunate enough to be here Our bodies might be from this Earth but our souls are of the Moon

[A Profound Mind](#) Dalai Lama,2011-09-27 For the first time for general readers the Dalai Lama presents a comprehensive overview of the most important teaching of Buddhism Perhaps the main difference between Buddhism and other religions is its understanding of our core identity The existence of the soul or self which is central in different ways to Hinduism Judaism Christianity and Islam is actually denied in Buddhism Even further belief in a self is seen as the main source of our difficulties in life Yet a true understanding of this teaching does not lead one to a despairing cynical worldview with a sense that life has no meaning Far from it a genuine understanding leads to authentic happiness for an individual and the greatest source of compassion for others In 2003 and in 2007 the Dalai Lama was invited to New York to give a series of talks on the essential Buddhist view of selflessness This new book the result of those talks is now offered to help broaden awareness of this essential doctrine and its usefulness in living a more meaningful and happy life While the Dalai Lama offers a full presentation of his teachings on these key philosophical points for contemplation he also shows readers how to bring these teachings actively into their own lives with recommendations for a personal practice It is only by actually living these teachings that we allow them to bring about a genuine transformation in our perception of ourselves and our lives A Profound Mind offers important wisdom for those committed to bringing about change in the world through developing their own spiritual capabilities whether they are
