discovered how to dispose of the evidence without a trace The story set in the mid 1960 s takes place in a small college town  
of Willington Georgia but this story could happen anywhere even in your home town What makes this story unique is that  
people committing the horrible crimes blend perfectly into the Willington community fabric The town citizens pass them on  
the streets eat at the same restaurants and belong to the same civic organizations but suspect nothing The good people of  
Willington don t realize that these highly respected pillars of the community have perfected a foolproof way to commit the  
ultimate crime and get away with it The hero is Josh Novack a student athlete whose only goal in life is to make it through  
college on an athletic scholarship As a result of an incredible chain of events Josh becomes committed and involved in the  
Willington Secret Now he faces a deadly dilemma expose the criminals before he becomes their next victim The villains  
however are thoroughly entrenched in the town hierarchy They are model citizens people of power and and position thus  
making Josh Novack s task of revealing their secret insurmountable Although the story is fiction the recipe used to erase all  
evidence that a crime had been committed is not Take certain circumstances common to any community add some  
unscrupulous greedy people who just happen to be engaged in professions that provide the necessary cover and the result is  
the formula for the perfect crime The scariest part is that it could really happen     **Mahlen Land Corporation v. Kurtz,**
