**How to Be a Great Student** Kimberly Hatch Harrison, 2021-04-05 There are a LOT of Study Tips books out there Most of them are basically Top 10 lists of the same advice you've heard a hundred times before It's not rocket science Be honest we all know what we need to do So what would actually work THIS BOOK is the one that offers something truly different You have the chance to read something extraordinary the true story of how one smart kid who had no study skills TRANSFORMED herself into a GREAT STUDENT Part memoir part how to part teacher confessional How to Be a Great Student is the no holds barred frank words of wisdom from Kimberly Hatch Harrison co founder of SOCRATICA Are you a smart kid who coasted by getting good grades with no effort until suddenly you hit a brick wall This book will really resonate with you Kimberly tells the story of how she worked her way from clueless kid to the highest heights of academia figuring out all these skills the hard way These super effective learning techniques took her from one of the top prep schools in the country to Caltech and then Princeton What does it take to succeed at the very best schools You can't find this kind of inside information anywhere else This book ties in with the Study Tips video series on Socratica's YouTube channel youtube.com/socratica Intended audience anyone in high school or college who is ready to take an honest look at themselves and change their habits Real talk this book won't work unless you do your part In this book you'll find guidance on Preparing your Study Space Taking Notes in Class and Reading Cornell Notes Technique Using a Planner for Effective Time Management The Pomodoro Technique to Avoid Burnout How to Study for a Test Smart Test Prep How to Improve your Memory How to Use Flashcards the SMART Way How to Use the Feynman Technique How to Use Office Hours Corson Technique How to TAKE a Test How to Answer Multiple Choice Questions How to Improve Your Writing How to Take Online Classes Bonus Chapter written especially for today's challenges What's more you'll learn these techniques from an understanding empathetic teacher who was once EXACTLY where you are now [School Can Be Fun](#) Vit Skala, 2016-03-29 This book is the personal story of the author and includes many specific real examples from his own life The author wrote this book desiring and intending to make the world a better place in which to live He himself spent a lot of time studying and through his daughter experienced how stressful and consequently devastating the effect of unhealthy expectations and setting goals too high can have on a teenager There are many books written about effective studying proven study methods techniques of miraculous learning but this book is different The author sees learning techniques such as the tip of the iceberg and as the vain efforts to focus only on them It is important that students understand their strengths and weaknesses because their natural abilities will help them to focus on the right courses and topics It is always easier to motivate themselves when they understand what they are doing This is the direction in which the book wants to lead its readers It includes links to the specific available tests that can help them to understand themselves better It also explains how to set up long term and short term goals how to find their motivations and to save more time during the day At the end of the book essential study techniques are introduced The

readers will find out how to deal with huge challenges and an easy way to understand complex and difficult topics Each chapter starts with a Bible verse The author is saying that there is nothing new on Earth and that everyone who has been a student had to face the same concerns of studying as today s students do **Being a Student** STA-Kris, Incorporated,1998-06-01 [How to Be an Excellent Student](#) Godwin Oji,2019-01-02 This book is your guide to awesomeness It guides teaches on how to study and acquire know how that becomes inseparable from your person knowledge that defines who you are as a student an employee and an individual It is a guide to all who study whether they seek academic qualifications or otherwise It is for those who seek only mastery and perfect understanding of that which they set their minds to internalise It is not about brilliant exams scores though it recognises that a brilliant student is one who passes exams and passes them with considerable ease This book by facilitating and encouraging mastery of a subject of study will guarantee brilliant exam scores Anyone who has ever been to school or university knows students want brilliant exam scores because they are the visible reward society stamps on the exceptional student and for that reason we will look at exams their purpose structure and how to pass them There are therefore three goals to this book The first is to turn s he that reads and follows the guidelines into an exceptional student The second is to make the student rediscover the joys of learning and lastly it seeks to create students who are so good derive so much fun and pleasure from acquiring knowledge that examinations become just another fun thing to do [The Most Well-Rounded Student Ever](#) Kit Fox,2010-05-01 **Smart Choice** Ken Wilson,2007 **How to Be a Smart Student** Dencil Rolle,2015-05-14 The life story of an individual who shares his experience about life and education and offers some solutions to students to assist them in making decisions that will make their educational journey fruitful *Study Hacks* James Christiansen,2015-01-05 Success in school is dependent on being able to study smarter not harder and this book will give you awesome study habits and study hacks to help you get the amazing grades you deserve Whether its high school college or grad school being able to learn and studying efficiently is extremely important Knowing how to study correctly is paramount to success in school and this book will give you those study skills and study habits you need Learn more study less and get amazing grades In this book you ll learn 1 How to improve your study environment2 Getting the most from your lectures and lecturers3 How to manage your study time effectively4 Study techniques that work5 Recommended apps to aid you in your studiesStop flailing and failing and start studying the right way and get this book today *Getting Great Grades* Jeff Mitchell,2018-08-29 High School and College students are under tremendous pressure to earn top grades for college and graduate school admissions Unfortunately few students are taught strategies on how to earn top grades Most people think they are either smart or not so smart in various subjects and that determines whether or not a student does well in a class This simply isn t true The author of this book received a failing grade in a course and later on earned an A in the same subject The strategies that led to the author failing a course to earning an A in the same subject can be found in this book These strategies were used frequently in other courses

which led to the author getting accepted into graduate school Because of this the author wants high school college and adult learners to learn these techniques to increase their chances of attending the college or graduate school of their dreams
