Examines the New World Order a modern day conspiracy theory whose proponents believe that there is a concerted effort by  
unseen worldwide forces to establish a one world government presenting the historical background of the theory its political  
origins major assumptions and principal advocates     **The Coming New World Order - The Rise of Global Government**  
Thomas J. Mueller,2015-04-01 This book proposes a step by step blueprint for a better world There is a storm brewing on the  
horizon A new world order is coming based on all the trends and global pressures that is facing mankind today The question  
is who s world vision is going to prevail and lead us into the 21st century and beyond Will it be based on Man s vision and his  
world ruling government that has only produced war or God s vision and Christ s world ruling government that is guaranteed  
to produce lasting peace The outcome to this vital question and struggle will either bring on the Apocalypse or the  
prophesied Millennium It is our choice and we need to decide soon before we hit a point of no return Prophecy says the  
Kingdom of Man is going to face off with the Kingdom of God on the Plains of Megiddo in Northern Israel in the not too  
distant future for supremacy on earth if we don t heed the warnings and change our ways Our message therefore is simple  
Christ is returning shortly as King of Kings to establish a new political order His world ruling government of the Kingdom of  
God on earth His return can either be a forceful one or a peaceful one It is our decision Either way we need to decide soon  
and get ready for the Second Coming     **The New World Order** Pat Robertson,1991     **A New World Order** ,2008 Global
