Validating Second Language Reading Examinations Rachel Yi-fen Wu, 2014-09-25 Validating Second Language Reading Examinations describes the development of an empirical framework for test validation and comparison of reading tests at different proficiency levels through a critical evaluation of alignment with the Common European Framework of Reference CEFR It focuses on contextual parameters cognitive processing operations and test results and identifies parameters for the description of different levels of reading proficiency examinations The volume explores procedures for linking tests to the CEFR and proposes both qualitative and quantitative methods that complement the procedures recommended in the Council of Europe's Relating Language Examinations to the Common European Framework of Reference for Languages CEFR A Manual piloted in 2003 and revised 2009 Key features of the book include a detailed review of the literature on CEFR alignment vertical scaling test specifications and test comparability a comprehensive and coherent approach to the validation of reading tests an accessible and systematic description of procedures for collecting validity evidence based on a sound theoretical framework a case study comparing different testing systems targeting the same CEFR level **Multilingual Frameworks** Neil

Jones,2014-08-28 This volume describes 20 years of work at Cambridge English to develop multilingual assessment frameworks and presents useful guidance of good practice It covers the development of the ALTE Framework and Can Do project work on the Common European Framework of Reference CEFR and the linking of the Cambridge English exam levels to it Asset Languages a major educational initiative for UK schools and the European Survey on Language Competences coordinated by Cambridge English for the European Commission It proposes a model for the validity of assessment within a multilingual framework and while illustrating the constraints which determined the approach taken to each project makes clear recommendations on methodological good practice It also explores and looks forward to the further extension of assessment frameworks to encompass a model for multilingual education Key features of the volume include a clear and comprehensive explanation of several major multilingual projects combination of theoretical insights and practical advice discussion of the interpretation and use of the CEFR Multilingual Frameworks is a rich source of information on key issues in the development and use of multilingual proficiency frameworks As such it will be a valuable reference work for academics education policy makers and examination board personnel It is also a useful resource for postgraduate students of language assessment and for practitioners and any stakeholders seeking to gain a clearer picture of the issues involved with cross language assessment frameworks

Examining Listening Ardeshir Geranpayeh, Lynda B. Taylor, 2013-03-27 This volume examines the nature of second language listening proficiency and how it can be assessed The book highlights the need for test developers to provide a clear explication of the ability constructs which underpin the tests they offer in the public domain This is increasingly necessary if claims about the validity of test score interpretation and use are to be supported both logically and with empirical evidence It operationalises a comprehensive test validation framework which adopts a socio cognitive perspective The framework embraces six core components examining and then analysing Cambridge ESOL listening tasks from the following perspectives Test Taker Cognitive Validity Context Validity Scoring Validity Criterion related Validity and Consequential Validity

Measured Constructs Cyril J. Weir, Ivana Vidaković, Evelina D.

Galaczi, 2013-05-23 This volume establishes how English language constructs were measured in Cambridge English examinations over the period 1913 to 2012 An addition to the Studies in Language Testing series this volume provides an overview of English language testing over the last century with coverage of key theoretical and practical aspects of the assessment of reading listening writing and speaking skills It includes examples of the Cambridge English exams old and new and is the first volume to describe in a systematic way the different theoretical influences which have shaped the development of the constructs underlying Cambridge English exams in the last 100 years
