Magal, Jeffrey Word, 2011-03-22 Integrated Business Processes with ERP Systems covers the key processes supported by modern ERP systems This textbook is designed for use as both a reference guide and a conceptual resource for students taking ERP focused courses using SAP It examines in depth the core concepts applicable to all ERP environments and it explains how those concepts can be utilized to implement business processes in SAP systems Students will gain a deep appreciation for the role of enterprise systems in efficiently managing processes from multiple functional perspectives Examples of both positive and negative issues associated with enterprise systems are integrated throughout the chapters to illustrate the concepts with real world experiences Why ERP? A Primer on SAP Implementation F. Robert Jacobs, D. Clay Whybark, 2000-01-06 Why ERP is not a traditional textbook designed for a specified course it is patterned after the wildly successful short novel The Goal by Eli Goldratt The Goal is currently required reading in many undergraduate MBA and executive courses Like The Goal Why ERP is a short novel about a manager in a furniture manufacturing business who is charged with learning about and implementing a new ERP system particularly SAP R 3 The story tells of his experience learning about it his considering other installations as examples and then his deciding the key issues and how to proceed Incorporated into the story is a concise introduction to the basic concepts and architecture of ERP systems including actual screen shots of R 3 modules Though this is NOT a programming book it is a quick read overview and it can be assigned even for systems majors as a background reading to lay out the managerial issues and build a basic understanding of the concepts prior to doing actual technical programming or hands on R 3 projects Through the eyes of the hero in the novel the reader is presented with all the related implementation and business issues Intended to provide a non technical non programming introduction this book can stand alone as a quick read or self study introduction for any manager or business student The text is also great for schools who do NOT have any SAP Oracle PeopleSoft or other ERP system on campus and who have no access to online or hands on samples or examples This book can provide the needed literacy and awareness of what ERP is and why it matters SAP Business ONE Implementation: LITE Wolfgang Niefert, 2011-04-15 If you are a technically savvy business owner entrepreneur or departmental manager who wants to get their small to mid sized company up and running with the power of an SAP ERP platform then this book is not to be missed No previous experience with SAP or ERP is required Sap Business One

Implementation Wolfgang Niefert,2009 SAP Business ONE brings the power of the SAP ERP platform to small and mid size companies It offers fast growing companies the same ERP capabilities used in world wide conglomerates and major corporations SAP Business ONE is powerful and to fully harness it takes careful planning
