Food and Nutrition Danielle Gallegos, Naiyana Wattanapenpaiboon, Mark L. Wahlqvist, 2026-02-12 Through the prism of public health climate change and global sustainability the fifth edition of this long standing textbook provides a comprehensive understanding of diet nutrition and the place of food and food production within the broader ecosystem Now framed through an international perspective the book gives a detailed overview of food components and the biochemistry of foods and digestion outlining nutrition needs across the life span as well as dietary disorders But unlike other textbooks in the field it also connects the human body to the complex and dynamic systems of our environment as well as the social and cultural influences on food selection and consumption Updated to cover issues such as food labelling the determinants of eating and sustainable diets it also explores the increasing influence of technology on agriculture and food preparation and the recent research into intergenerational nutrition and nutrigenomics Extensively illustrated with informative graphs diagrams and data and with examples glossaries and reflective exercises Food and Nutrition is the ideal introduction to the field of nutrition dietetics and sustainability and a valuable professional reference for early career dietitians

Hands Off My Food! (Updated and Revised Edition) Sina McCullough, 2026-02-24 Are you truly in control of what you eat In Hands Off My Food Dr Sina McCullough exposes the hidden forces manipulating what ends up on your plate from unelected bureaucrats making top down decisions about your food to multinational biotech corporations pushing untested technologies into the food supply to regulatory frameworks that prioritize industry profits over public health With clarity urgency and meticulously sourced research this book reveals how the basic right to choose what we eat is being undermined often without our knowledge or consent Blending investigative reporting with a passionate defense of food sovereignty Hands Off My Food traces how federal policies and global agreements have chipped away at transparency safety and local autonomy in agriculture and nutrition It s a call to action for anyone who believes that individuals not corporations or centralized authorities should decide what s on the menu If you care about clean food honest labeling and the freedom to make informed choices about what nourishes your body this book is essential reading Because when it comes to your food the fight for control is already underway

Eat Your Ice Cream Ezekiel J. Emanuel, 2026-01-06 From one of America s leading doctors an authoritative practical and entertaining guide to living a full and healthy life Everyone wants to live a full and healthy life and every day brings a tidal wave of attention grabbing misinformation faddish ideas from wellness influencers and bizarre advice from news outlets over extrapolating the results of tiny outlier studies The Wellness Industrial Complex prescribes conflicting and complicated regimens while promising us more time to enjoy in the future though it sure is demanding a lot of time right now But what actually matters most to our health and longevity What has the most robust actionable evidence What s the junk you can skip In Eat Your Ice Cream renowned physician Ezekiel J Emanuel argues that life is not a competition to live the longest and that wellness shouldn t be difficult it should be an invisible part of one s lifestyle that

yields maximum health benefits with the least work Dr Emanuel cuts through the noise with wit and good humor giving readers just what they need simple high impact evidence based guidelines on such issues as alcohol consumption food and nutrition exercise sleep mental acuity and social engagement Resisting the tide of the latest trends to extend life at all costs Eat Your Ice Cream reveals that many of the tools for a long healthy and meaningful life are already within reach Pairing common sense with uncommon wisdom based on his decades of expertise and experience Dr Emanuel helps us consider which lifestyle changes are worth making and how to most easily implement them for longer healthier and happier lives Readers will come away with greater clarity and a deeper understanding of what really matters for well being connection purpose and sustainable choices backed by rigorous science
