Animal lives worth living Ruth C. Newberry, Bjarne O. Braastad, 2023-11-20 The main theme of this year's congress is Animal lives worth living. This theme focuses on our responsibility for all animals kept or influenced by humans to ensure that we can provide a life for them that takes into account all relevant aspects of animal welfare aided by applied ethology as the key scientific discipline. This not only means avoiding and alleviating suffering but also promoting resilience and positive experiences. By monitoring and interpreting animal behaviour we gain important insights into each of these aspects of quality of life.
