Interpretation and Lesson Schedule (7th/8th grade, Gymnasium)* Dilan Erdogan, 2020-03-17 Document from the year 2018 in the subject Didactics for the subject English Literature Works grade 13 Christian Albrechts University of Kiel *Englisches Seminar language English abstract* This text contains an essay and the schedule for an English lesson seventh eighth grade Gymnasium The author shows how to introduce the graphic novel *The Arrival* by Shaun Tan This book starts with an essay discussing and interpreting the novel After this the author describes how the novel could be dealt with by teachers This work focuses on one specific graphic novel of Tan Hence the term graphic novel will be used frequently thus a definition needs to be given Until the 1970s comics were seen as books for young children and youths without any cognitive or literary demands In 1978 Eisner and Steranko published comic books and called them graphic novel in order to prove that comics too are demanding In the 1980s Art Spiegelmann published his controversial graphic novel *Maus I* which deals with his families experience in the Holocaust Spiegelmanns graphic novel not only supported Eisner and Steranko's efforts it even managed to enter classrooms as an example of serious literature According to Monnin graphic novels are the perfect mix of print text and image literacy which makes it easy to have literature suitable for a larger group of students Since some students are rather verbal linguistic and others rather visual learners a graphic novel seems to be a nice arrangement which fits both This option makes it possible to get more students interested in literature and motivates them to read and to participate in the course Furthermore Monnin highlights the importance of this change for teachers Teachers have the opportunity to change the conservative print text literature school courses into innovative and more creative courses therewith showing a different feature of literature to the wider society

Representation and Memory in Graphic Novels Golnar Nabizadeh, 2019-04-16 This book analyses the relationship between comics and cultural memory By focussing on a range of landmark comics from the twentieth and twenty first centuries the discussion draws attention to the ongoing role of visual culture in framing testimony particularly in relation to underprivileged subjects such as migrants and refugees individuals dealing with war and oppressive regimes and individuals living with particular health conditions The discussion is influenced by literary and cultural debates on the intersections between ethics testimony trauma and human rights reflected in its three overarching questions How do comics usually complicate the production of cultural memory in local contents and global mediascapes How do comics engage with and

generate new forms of testimonial address and How do the comics function as mnemonic structures The author highlights that the power of comics is that they allow both creators and readers to visualise the fracturing power of violence and oppression at the level of the individual domestic communal national and international in powerful and creative ways Comics do not stand outside of literature cinema or any of the other arts but rather enliven the reciprocal relationship between the verbal and the visual language that informs all of these media As such the discussion demonstrates how fields such as graphic medicine graphic justice and comics journalism contribute to existing theoretical and analytics debates including critical visual theory trauma and memory studies by offering a broad ranging yet cohesive analysis of cultural memory and its representation in print and digital comics

Pearce, 2013-11-18 Now is an opportune moment to consider the shifts in youth and popular culture that are signalled by texts that are being read and viewed by young people. In a world seemingly compromised by climate change, political and religious upheavals, and economic irresponsibility, and at a time of fundamental social change, young people are devouring fictional texts that focus on the edges of identity, the points of transition and rupture, and the assumption of new and hybrid identities. This book draws on a range of international texts to address these issues and to examine the ways in which key popular genres in the contemporary market for young people are being redefined and repositioned in the light of urgent questions about the environment, identity, one's place in the world, and the fragile nature of the world itself. The key questions are: What are the shifts and changes in youth culture that are identified by the market and by what young people read and view? How do these texts negotiate the addressing of significant questions relating to the world today? Why are these texts so popular with young people? What are the most popular genres in contemporary best sellers and films? Do these texts have a global appeal, and if so, why? These overarching themes and ideas are presented as a collection of interrelated essays exploring a rich variety of forms and styles, from graphic novels to urban realism, from fantasy to dystopian writing, from epic narratives to television musicals. The subjects and themes discussed here reveal the quite remarkable diversity of issues that arise in youth fiction and the variety of fictional forms in which they are explored. Once seen as not as important as adult fiction, this book clearly demonstrates that youth fiction and the popular appeal of this fiction is complex, durable, and far-reaching in its scope.

The Arrival and Sketches from a Nameless Land Shaun Tan, 2010 This unique presentation of the best-selling internationally acclaimed graphic novel *THE ARRIVAL* and a new companion volume of commentary and developmental drawings *SKETCHES FROM A NAMELESS LAND* beautifully packages the two books within a traveller's suitcase that also contains a limited edition numbered Shaun Tan print of an illustration from *THE ARRIVAL*. *The Arrival* is a migrant story told as a series of wordless images that might seem to come from a long forgotten time. A man leaves his wife and child in an impoverished town, seeking better prospects in an unknown country on the other side of a vast ocean. He eventually finds himself in a bewildering city of foreign customs, peculiar animals, curious floating objects, and indecipherable languages. With nothing more than a suitcase and a handful of currency, the immigrant must find a place to live, food to eat, and some kind of gainful employment. He is helped along the way by sympathetic strangers, each carrying their own unspoken history, stories of struggle and survival in a world of incomprehensible violence, upheaval, and hope. This collector's edition will fascinate anyone who has fallen under the spell of Shaun Tan's timeless story and offers a revealing insight into the craft of one of Australia's most compelling authors/illustrators. *THE ARRIVAL* has become one of the most critically acclaimed books of recent years, a wordless masterpiece that describes a world beyond any familiar time or place. How did it come to be created, and what inspired its unique and captivating story? In *SKETCHES FROM A NAMELESS LAND*, author Shaun Tan explains the origins of his ideas, using examples from early research and concept sketches through to finished artwork. In tracing this

evolution he sheds light on the silent language of images the spirit of the migrant experience and the artist s creative journey
