**Summary of Rebecca Solnit's Men Explain Things To Me** Everest Media, 2022-03-01T21:00:00Z Please note This is a companion version not the original book Sample Book Insights 1 The Slippery Slope of Silencings is the phenomenon where people of both genders pop up at events to hold forth on irrelevant things and conspiracy theories but the out and out confrontational confidence of the totally ignorant is in my experience gendered 2 The presumption that women are unnecessary is a war that every woman faces every day It is a belief in their superfluity and it invites silence There is a happy medium between these poles and we should all meet there 3 The struggle of feminism to make rape date rape marital rape domestic violence and workplace sexual harassment crimes legal has been to make women credible and audible 4 In speaking engagements I often encounter men who explain things to me And they almost always do it in a manner that makes me feel like I lack intelligence

**The Woman Question in Islamic Studies** Kecia Ali, 2024-09-17 The interconnected ways that sexism functions in academic Islamic studies and how to shift professional norms toward parity Despite remarkable shifts in the demographics of Islamic studies in recent decades the field continues to be dominated by men who often relegate other scholars and their work particularly research on gender to its periphery while treating subfields in which men predominate as more rigorous and central In *The Woman Question in Islamic Studies* Kecia Ali explores the interconnected ways that sexism functions in academic Islamic studies Examining publications citations curricula and media representations

Ali finds that despite the growth and depth of scholarship on Islam and gender men continue to overlook women's scholarship even in work that purports to discuss gender issues. Moreover, media and social media dynamics make talking about Islam and Muslims for broader audiences especially fraught for scholars who are not men, particularly when the topic is gender or sexuality. Combining broad surveys with more focused analyses of a smaller set of texts, Ali shows that textbooks and syllabi continue to exclude women as historical actors and scholars and to marginalize gender and sexuality as subject matter. Finally, she provides a Beginner's Guide to Eradicating Sexism in Islamic Studies, offering practical strategies to help scholars avoid common pitfalls in their own work and contribute to broader professional transformations. *Unequal Profession* Meera E Deo, 2019-02-05. A study of the experiences of women of color law school faculty and the effect of race and gender on legal education. This book is the first formal empirical investigation into the law faculty experience using a distinctly intersectional lens, examining both the personal and professional lives of law faculty members. Comparing the professional and personal experiences of women of color professors with white women, white men, and men of color faculty from assistant professor through dean emeritus, *Unequal Profession* explores how the race and gender of individual legal academics affects not only their individual and collective experience but also legal education as a whole. Drawing on quantitative and qualitative empirical data, Meera E Deo reveals how race and gender intersect to create profound implications for women of color law faculty members, presenting unique challenges as well as opportunities to improve educational and professional outcomes in legal education. Deo shares the powerful stories of law faculty who find themselves confronting intersectional discrimination and implicit bias in the form of silencing, mansplaining, and the presumption of incompetence to name a few. Through hiring, teaching, colleague interaction, and tenure and promotion, Deo brings the experiences of diverse faculty to life and proposes several mechanisms to increase diversity within legal academia and to improve the experience of all faculty members. Praise for *Unequal Profession*: Fascinating, shocking, and infuriating. Meera Deo's careful qualitative research exposes the institutional practices and cultural norms that maintain a separate and unequal race/gender order even within the privileged ranks of tenure-track law professors. With riveting quotes from faculty across a range of institutional and social positions, *Unequal Profession* powerfully reminds us that we must do better. I saw my own career in this book, and you might too. Angela P. Harris, University of California, Davis. A powerful account of inequality in legal academia. Quantitative data and compelling narratives bring to life the challenges and roadblocks in gaining not just entry and tenure but also respect for the voices of minority women within the academy. There are no easy remedies, but reading this book is a good place to start for lawyers and law professors to understand what minority women face and which practices can increase the odds of success. Bryant G. Garth, University of California, Irvine. *Unequal Profession* should be mandatory reading for everyone in legal academia. By providing concrete evidence of systemic discrimination, Meera Deo illuminates a long-standing problem needing to be remedied. Sarah Deer, University of Kansas. *Other, Please Specify*

D'Lane R. Compton, Tey Meadow, Kristen Schilt, 2018-07-31 This provocative collection showcases the work of emerging and established sociologists in the fields of sexuality and gender studies as they reflect on what it means to develop practice and teach queer methods. Located within the critical conversation about the possibilities and challenges of utilizing insights from humanistic queer epistemologies in social scientific research, *Other Please Specify* presents to a new generation of researchers an array of experiences, insights, and approaches revealing the power of investigations of the social world. With contributions from sociologists who have helped define queer studies and who use a range of interpretative and statistical methods, this volume offers methodological advice and practical strategies in research design and execution, all with the intent of getting queer research off the ground and building a collaborative community within this emerging subfield.

**More Than a Doll** Jodi Bondi Norgaard, 2025-01-21 When Jodi Bondi Norgaard, an experienced entrepreneur, attempted to shake up the toy industry with a sports doll that appeals to today's more athletic, adventurous girls, she came to realize the roadblocks to success weren't only reluctant toy buyers but a patriarchal culture that perpetuates gender roles and sexism. *More Than a Doll* is about her mission to break gender stereotypes and challenge the status quo. Through illuminating testimonials, data, research, interviews, and cultural observations, readers will come away with clear examples of the dangers of early gender stereotyping and how we continue to fail to see the harm. After all, it's just a toy, it's just a t-shirt, it's just a show. Bondi Norgaard is sounding the siren that gender inequality doesn't begin in our teens; it begins the moment a child can hold a toy or book or watch a screen. The programming starts early, and the impact is lifelong. Women in Populist Rhetoric

Agnieszka Kasińska-Metryka, Karolina Pałka-Suchojad, 2025-07-28 At a time of increasing right-wing populism, *Women in Populist Rhetoric* examines the relationship between populist rhetoric and the real social changes that affect women and how populists gain prominence through the support they receive. Covering a broad spectrum of right-wing group activity in Western, Central, and Eastern Europe, including Hungary, France, and Czechia, this volume takes an important look at the phenomena at the level of leadership and the practice of its operation. The book is divided into four parts: the first describes the phenomenon of right-wing populism; the second examines language as a tool of populist influence; and the third and fourth analyse the narratives of populist parties towards women across different European countries. An important text for the present moment, *Women in Populist Rhetoric* is an invaluable text for students of politics, sociology, and gender studies.

**Granite**, 1913 Speaking Out Tara Moss, 2016-06-01 An accessible, timely, and practical handbook for women on speaking out safely and confidently from no. 1 non-fiction bestseller Tara Moss. Worldwide, less than one out of every four people we hear from or about in the media is female, and men outnumber women in parliament by more than three to one. If half of humanity's experiences, perspectives, and possible solutions to world problems are underrepresented or entirely unheard, all of us lose out. Tara Moss has spent 20 years in the public sphere and has had to face down nerves, critics, and backlash to emerge as a leader in speaking out. In this handbook, she offers advice on preparation, speaking out, and

negotiating public spaces With a special focus on public speaking writing social media and online safety she offers tips on how to research form arguments find support and handle criticism This is a guide for women young and old that not only helps them find their voice but argues passionately for why it matters PRAISE FOR SPEAKING OUT To say this book is timely is to put it mildly It should be mandatory reading for every teenage girl let alone women in general Weekly Times This book by Tara Moss is so very important It has been an eye opening read for me and it has changed my life If every young man and every young woman was given a copy of this book it would make so many small changes in individual behaviours that we might just be able to begin to tackle a problem that is often invisible to us Krissy Kneen Avid Reader Moss provides clear simple strategies to cope with the often disproportionately aggressive response women receive when they speak out Jane Gilmore Guardian Australia Written specifically to help women combat the unacceptable challenges they face when telling their stories in public in the age of online trolling It deconstructs abuse and belittling techniques in an enormously helpful way Clare Bowditch We think this is a handbook for every woman in the world Ramona magazine Can t recommend it enough every girl ought to have a copy Virginia Gay ABC Book Club TV *The Real Estate Magazine* ,1914 **The Pacific Printer** ,1911 The Fra Elbert Hubbard,Felix Shay,1910 **Practical Anthropology** ,1966 *Recollections of My Nonexistence* Rebecca Solnit,2020-03-10 Shortlisted for the James Tait Black Prize for Biography Longlisted for The Orwell Prize for Political Writing An electric portrait of the artist as a young woman that asks how a writer finds her voice in a society that prefers women to be silent from the author of *Roses In Recollections of My Nonexistence* Rebecca Solnit describes her formation as a writer and as a feminist in 1980s San Francisco in an atmosphere of gender violence on the street and throughout society and the exclusion of women from cultural arenas She tells of being poor hopeful and adrift in the city that became her great teacher and of the small apartment that when she was nineteen became the home in which she transformed herself She explores the forces that liberated her as a person and as a writer books themselves the gay community that presented a new model of what else gender family and joy could mean and her eventual arrival in the spacious landscapes and overlooked conflicts of the American West Beyond being a memoir Solnit s book is also a passionate argument that women are not just impacted by personal experience but by membership in a society where violence against women pervades Looking back she describes how she came to recognize that her own experiences of harassment and menace were inseparable from the systemic problem of who has a voice or rather who is heard and respected and who is silenced and how she was galvanized to use her own voice for change **Journals of the House of Commons of the Dominion of Canada** Canada.
