[Fear Less: Face Not-Good-Enough to Replace Your Doubts, Achieve Your Goals, and Unlock Your Success](#) Pippa Grange, 2021-07-06

From one of the world's top performance psychologists, a proven framework for overcoming the primary obstacle to success: fear. In more than 20 years helping leaders and athletes reach their true potential, renowned sports psychologist and culture coach Dr. Pippa Grange has found that even the most successful people experience fears of inadequacy. What sets them apart is their ability to pinpoint their fears and turn down the volume. In *Fear Less*, Grange walks you through the process of identifying and facing the fears that manifest in perfectionism, jealousy, self-criticism, and harsh judgment, and replacing those fears with acceptance, purpose, passion, or laughter to name just a few. And she provides effective fear management techniques for facing moments of critical pressure, including processing through conscious tactics that bring the mind back to where you want it: the job at hand. Distraction: deliberately focusing on other tasks when there's nothing active to be done about what you actually fear. Rationalization: drawing on the actual facts and evidence to talk yourself through the situation. Our hidden fears are what make us feel our lives aren't enough, that prompt us to spend our time worrying about competition status and control. Fear is what turns life into a battle, telling us we need to hide our real selves and that we're not good enough. *Fear Less* gives you the tools you need to practice your responses to fear in the same way elite athletes train for and perform at a big game with equally dramatic results. You'll gain the knowledge and insight you need to change your perspective and move beyond fear to a place of joy, fulfillment, and meaning.

The Leading Edge Holly Ransom, 2021-07-20

What does it mean to be a leader? What does true leadership look like in the 2020s when we're facing complexity and challenges in every direction, from climate disaster to political division and inequality to consumer mistrust? And how can we be part of the solution while crafting a meaningful and satisfying career? The answers aren't simple, but Holly Ransom is closer to finding them than most. Barely into her thirties since chairing the G20 Youth Summit in 2014, Holly has been working with and learning from the heads of countries, companies, and charities to help them disrupt what they do and change the world for the better. In her fearless and widely researched manifesto, this innovative young thinker shows how it is within everyone's reach: everyone's ability and everyone's power to be an effective leader in business and beyond. Through three principles: mindset, method, and mastery, you'll discover how to first lead yourself, then others. And you'll benefit from the wisdom of the luminaries Holly has interviewed, from Susan
