faiths as well as those who don't practice any particular religion by providing interfaith coverage of the entire Bible and the often fascinating background information that makes the Bible come alive. Discover the world's all-time bestseller in an entirely new light. Whether you're interested in broadening your spiritual horizons, uncovering the symbolism of Western culture, or gaining a deeper understanding of the Bible, this is an objective study of the Old Testament, the Gospels, and the Qur'an. This book seeks to spiritually unite by highlighting similarities in the texts. It sheds new light and dispels many preconceived ideas by separating what belongs to Revelation from what is the product of error or human interpretation. The Bible is the word of God. But if it contains any errors, they are simply made by others and not by God. Whatever in the Bible matches with science is from God. If some statements have contradictions or are against proven scientific facts, they are simply man-made errors. This book confirms both the accurate statements and wrong statements, which is still part of the Bible. Every thing that is accurate is from God in the Bible, and God doesn't error, and God is always accurate. God is truth, and truth is above all. God bless all.
