The Audacity of Hope Barack Obama,2007-11-06 1 NEW YORK TIMES BESTSELLER Barack Obama s lucid vision of America s place in the world and call for a new kind of politics that builds upon our shared understandings as Americans based on his years in the Senate In our lowdown dispiriting era Obama s talent for proposing humane sensible solutions with uplifting elegant prose does fill one with hope Michael Kazin The Washington Post In July 2004 four years before his presidency Barack Obama electrified the Democratic National Convention with an address that spoke to Americans across the political spectrum One phrase in particular anchored itself in listeners minds a reminder that for all the discord and struggle to be found in our history as a nation we have always been guided by a dogged optimism in the future or what Obama called the audacity of hope The Audacity of Hope is Barack Obama s call for a different brand of politics a politics for those weary of bitter partisanship and alienated by the endless clash of armies we see in congress and on the campaign trail a politics rooted in the faith inclusiveness and nobility of spirit at the heart of our improbable experiment in democracy He explores those forces from the fear of losing to the perpetual need to raise money to the power of the media that can stifle even the best intentioned politician He also writes with surprising intimacy and self deprecating humor about settling in as a senator seeking to balance the demands of public service and family life and his own deepening religious commitment At the heart of this book is Barack Obama s vision of how we can move beyond our divisions to tackle concrete problems He examines the growing economic insecurity of American families the racial and religious tensions within the body politic and the transnational threats from terrorism to pandemic that gather beyond our shores And he grapples with the role that faith plays in a democracy where it is vital and where it must never intrude Underlying his stories is a vigorous search for connection the foundation for a radically hopeful political consensus Only by returning to the principles that gave birth to our Constitution Obama says can Americans repair a political process that is broken and restore to working order a government that has fallen dangerously out of touch with millions of ordinary Americans Those Americans are out there he writes waiting for Republicans and Democrats to catch up with them *Audacity* Portia Taylor,2020-01-15 Audacity is more than a book It is a life changing guide that will cure paralysis and give you the courage to be who God called you to be In this journey Portia Taylor challenges every excuse that you can provide not to fulfill destiny Audacity The Workbook is a working guide to the life changing book Audacity **Audacity 101** John Rhodes,Greg Benoit,Jay Boyer,2012-10-24 The tools and techniques necessary to spin out top notch audio info products audiobooks podcasts seminars etc and all using just your computer a simple microphone and the 100% free Audacity tool that you can download and use all you like Publisher s web site **The Power of Audacity** Mark Dudley,2014-12-14 The boldness to step out of the comfort zone and believe for the extraordinary
