Conversion Politics And Religion In England 1580 1625:

Conversion, Politics and Religion in England, 1580-1625 Michael C. Questier, 1996-07-13 A study of conversion and its implications during the English Reformation Politics and the Paul's Cross Sermons, 1558-1642 Mary Morrissey, 2011-06-16 English Reformation culture centred on the word preached Throughout this period the most important public pulpit was Paul's Cross This book provides a detailed history of the Paul's Cross sermons exploring how they were delivered and the tensions between the authorities who controlled them **Shakespeare and Protestant Poetics** Jason Gleckman, 2019-10-29 This book explores the impact of the sixteenth century Reformation on the plays of William Shakespeare Taking three fundamental Protestant concerns of the era double predestination conversion and free will it demonstrates how Protestant theologians in England and elsewhere reimagined these longstanding Christian concepts from a specifically Protestant perspective Shakespeare utilizes these insights to generate his distinctive view of human nature and the relationship between humans and God Through in depth readings of the Shakespeare comedies *The Merry Wives of Windsor* *Much Ado About Nothing* *A Midsummer Night's Dream* and *Twelfth Night* the romance *A Winter's Tale* and the tragedies of *Macbeth* and *Hamlet* this book examines the results of almost a century of Protestant thought upon literary art

Popular Politics and the English Reformation Ethan H. Shagan, 2003 This book is a study of popular responses to the English Reformation It takes as its subject not the conversion of English subjects to a new religion but rather their political responses to a Reformation perceived as an act of state and hence like all early modern acts of state negotiated between government and people These responses included not only resistance but also significant levels of accommodation cooperation and collaboration as people attempted to co-opt state power for their own purposes This study argues then that the English Reformation was not done to people it was done with them in a dynamic process of engagement between government and people As such it answers the twenty year old scholarly dilemma of how the English Reformation could have succeeded despite the inherent conservatism of the English people and it presents a genuinely post revisionist account of one of the central events of English history Hunting and the Politics of Violence Before the English Civil War Daniel C.

Beaver, 2008-04-24 This book is a study of English forests and hunting in early modern England **Windows into Men's Souls** Kenneth L. Campbell, 2012-08-17 *Windows into Men's Souls* uses the works of John Robinson Thomas Helwys and John Smyth to examine the concept of religious nonconformity that was inherent in the English Reformation Kenneth Campbell frames the primary works and historical development of various groups and individuals as examples of a general impulse toward religious nonconformity during the sixteenth and early seventeenth centuries During this time religious nonconformity became an integral part of English culture and society shaped by a historical experience that led to rebellion and civil war The issues that English thinkers wrestled with during this period led to profound insights on both Christianity and on religious toleration that continue to shape Anglo American and Western religious culture to the present day This is

the story of courageous people Catholics and Protestants Separatists and non Separatists who ignored defied or challenged their government to pursue their own version of religious truth in an age of religious intolerance that valued conformity at all costs

Becoming Christian Dennis Austin Britton, 2014-04-03 *Becoming Christian* argues that romance narratives of Jews and Muslims converting to Christianity register theological formations of race in post Reformation England The medieval motif of infidel conversion came under scrutiny as Protestant theology radically reconfigured how individuals acquire religious identities Whereas Catholicism had asserted that Christian identity begins with baptism numerous theologians in the Church of England denied the necessity of baptism and instead treated Christian identity as a racial characteristic passed from parents to their children The church thereby developed a theology that both transformed a nation into a Christian race and created skepticism about the possibility of conversion Race became a matter of salvation and damnation Britton intervenes in critical debates about the intersections of race and religion as well as in discussions of the social implications of romance Examining English translations of Calvin treatises on the sacraments catechisms and sermons alongside works by Edmund Spenser John Harrington William Shakespeare John Fletcher and Phillip Massinger *Becoming Christian* demonstrates how a theology of race altered a nation s imagination and literary landscape

English Catholics of Parish and Town, 1558-1778 Marie B. Rowlands, 1999

Persecution and Toleration in Protestant England, 1558-1689 John Coffey, 2000 This fascinating work is the first overview of its subject to be published in more than half a century The issues it deals with are key to early modern political religious and cultural history Introduced with a survey of concepts and theory it moves on to examine the practice of toleration at the time of Elizabeth I and the Stuarts the Puritan Revolution and the Restoration The seventeenth century emerges as a turning point after which for the first time a good Christian society also had to be a tolerant one

Anthony Munday and

the Catholics, 1560-1633 Donna B. Hamilton, 2005 In this new study Donna B Hamilton offers a major revisionist reading of the works of Anthony Munday one of the most prolific authors of his time Hamilton reinterprets Munday as a writer who began his career writing on behalf of the Catholic cause and subsequently negotiated for several decades the difficult terrain of an ever changing Catholic Protestant cultural religious and political landscape
