ASSIGNMENT-I

1. What type of changes you want in yourself as a teacher to cater the need of the changing society and learner? Explain with at least two examples.

Answer-

According to changing nature of today's society, we may realize the noticeable changes and development taking place in the global society due to ICT (Information and communication Technology) today. ICT influences all walks of our life. This whole new social order is emerging in last couple decades. There is no precedence to these changes. The technological development and advances in the emerging world is so fast that, it is not possible to have a clear prediction of what will happen in just a couple decades. But, One can visualize the next coming years by the following points.

- a. The form of the future society that we visualize.
- b. The changes taking place in the conceptual framework of education taking place due to the advancing generation.
- c. Changes taking place in delivery modes.
- d. Will the education system of today be still relevant for the future, or are we just moving towards no progress.

This transforming generation needs an immediate plan of action for the education system to cope up with the new social structure and its unprecedented needs.

So, As a teacher, to cater the changing status of society and learners, I would like to make the following change-

1. **To develop better learning-resources-**

For today's learning society implementation of new technologies in education is an important notion. Instructional processes are changing in
