

Specific information for this practical exam

During the exam, the supervisor (not the invigilator) must do the experiments in Questions 1, 2 and 3 and record the results on a spare copy of the question paper, clearly labelled 'supervisor's results'.

Question 1

Items to be supplied by the centre (per set of apparatus unless otherwise specified)

- (i) Clamp, boss and stand.
- (ii) Pendulum bob attached to approximately 110 cm of inextensible string or thread.
- (iii) Metre ruler, graduated in mm.
- (iv) Stop-watch or stop-clock with a minimum precision of 0.1 s.
- (v) Split cork (or similar device) to hold the thread of the pendulum between the jaws of the clamp.
- (vi) Set square.

Notes

1. The pendulum, with a length of approximately 100 cm from the bottom of the split cork (or similar device) to the centre of the bob, must be set up for the candidates. (The boss and clamp should be near the top of the stand and the pendulum must be able to hang freely over the edge of the table.)
2. Candidates must be able to adjust the length of the pendulum easily.
3. The pendulum must be able to swing freely. It may be necessary to increase the stability of the clamp stand (for example, using a G-clamp or by placing a weight on the base).

Action at changeover

Arrange the pendulum as described in Note 1.

reviews a jane austen christmas regency christmas traditions - Aug 27 2022

web this was an interesting book about regency holiday traditions not really about jane austen but more jane austen adjacent
as these were typical traditions during her time period that she and her characters may have enjoyed the final chapter on
food recipes really didn t translate well in audiobook format though
