to create a better life *Mahatma I and II* Brian Grattan,1994-01-01 What all of mankind have learned in the past about creation is the way that existence isn't a paradox Awaken and realize that all of mankind will create their body for Ascension whether they accomplish this now or later and that this is not the exclusive domain of Christ or Buddha or many others who have ascended this is your birthright You are not relegated to worshipping those who have already done this very basic initiation called Ascension Christ and Buddha would be the first to acknowledge that they are just beginners on their eternal journey When mankind lifts the veils of their unworthiness and recognize that they are the Sons of God that there is divine equality and no one is greater than another then you will have begun our journey in the way that it was intended In your near future your Planetary Hierarchy will release the world from theology ecclesiasticism and the wrathful Jehovah and return humanity to its rightful journey into spiritualizing matter not worshipping it The Mahatma is for those who are motivated to search for the answers that can respond to their mental and spiritual bodies In the past mankind's choices of beliefs and religions have supported only the emotional body and the darker material side of life And truly if one is going to remain on Earth very drastic shifts of consciousness will be required to have mankind remain in Earth's new fourth dimensional reality No matter how contrary to your current beliefs this book contains methods for creating your spiritual Lightbody for Ascension and it also explains your eternal journey in a way that was never before available to mankind **Crop Circles Revealed** Judith Moore,Barbara Lamb,2001 Through both examination of the crop circles and channeled investigation Crop Circles Revealed explores a new understanding to help the people of the world and our mother planet survive the new millennium Scientific formulas of light and sound and the wisdom found in the mythologies of the ages are brought together in this up to the minute 2001 edition *Love in the 12th Dimension* Vicki Martin,2017-08-31 A self help book to ease you into ascension love and union for soulmates twinflames and true love Find out why you have not achieved union Learn about the paradox of relationships as we ascend along our path Tips and tricks to bring you into alignment with your true love This is a time of great change for many Twin Souls who are preparing to embark together upon a lifetime of great purpose great love great light and great influence upon our world How many know how to have the perfect love in their lives True twin soul love not the kind to feed your ego mind or to validate your worthiness A genuine sharing love When two people complete and nourish each other souls Know how to recognize it Know how to bring this into our lives We all deserve love This guide you may read over and over again to keep you in alignment with what is truly yours **Textual Tensions** Elizabeth Berglund Hall,2003 This dissertation reconsiders Cixous's notion ofécriture féminine as a practice of reading as well as writing I claim that feminine readings and writings attempt to disrupt the conventional thought system by exposing tension between traditional and repressed aspects of the discourse While particular emphasis is placed on the tension between the masculine and the feminine Cixous claims that the disruption of any binary pair works toward the dissolution of phallogocentrism and its fundamental couple man woman In each of three sections I pair an analysis of Cixous's theories and fiction with an

interpretation of a novel by another author this structure allows me to examine critique of feminine and to put Cixous's theories into practice by performing what I call a lecture of feminine In the first section I consider Cixous's notion of sexual difference in her work *Déclage* and in Beckett's trilogy *Molloy Malone meurt and L'Innommable* I explore Cixous's claim that sexual difference is not located between men and women but internally in each man and woman and I investigate the ways in which Beckett's trilogy echoes Cixous's theories through its interrogation of the binary system of thought its treatment of the interdependence of writing and the body and its dissolution of conventional gender categories In the second section I investigate the difficult balance between self and other which critique of feminine encourages through analyses of Cixous's *Manne* and Marie Claire Blais's *L'Insoumise* In each work I find that the shifting of narrative voices allows for both an exchange with the other and an assertion of a sense of unified self Finally in my third section delving into the more abstract binary couple text and non text I examine Cixous's *Jours de l'an* and Anne Hébert's *Le premier jardin* In my analyses I find that these texts play with the boundaries of fiction and narrative through a contradictory structure which permits multiple interpretations of each of the novels Ultimately this dissertation hopes to provide for the reader a new way of understanding critique of feminine as a state of productive tension and a new way of using Cixous's theories to read and analyze literature
