Affiliate Marketing Simple System Martar Media, 2020-01-25 There are far too many affiliates spinning their wheels and wondering where the money lies, and not enough people putting a simplistic plan into operation that will provide them with passive residual income for months or even years to come. You see it every day: posts in Internet marketing forums from people who can't get it or someone who finally made their first sale after months of trying with no luck. They have no idea how to repeat that single sale, so eventually they'll quit like 99% of the other affiliates who can't figure out what the Super Affiliates already know. There are a million ideas you can tack onto this simple affiliate strategy. But what I'm going to divulge to you in the coming pages is all you need to succeed and generate profits for your online empire. The one lesson you need to remember is to quit trying to reinvent the wheel. Everyone always thinks you have to come up with some mind-blowing concept that no one else has done, but that's not true. Just learn the right way to work the system, and it'll benefit you financially in both the short and long term future. This is true life: plug-and-play affiliate profit where all you're doing is setting up machines that work for you on autopilot. Don't get possessive about your content, trying to perfect every little detail and become best friends with your readers. Build it and move on. Perfectionists have a hard time succeeding with affiliate marketing because they get bogged down in unimportant details that sap their time and don't contribute much to the conversion and sales they're able to achieve. And make sure you test various niche markets if you're new to this. If you don't have one area of expertise that your sights are set on, then testing different niches can help you see what you'll enjoy most in the long run and what will help you make more money too. Important Note: I'm going to tell you about the basic plan and then

deliver a step by step screen shot implementation for you to see so you can follow along with your own site
