Applied Engineering and Innovative Technologies Marcelo Zambrano Vizueté, Miguel Botto Tobar, Sonia Casillas, Miguel Naranjo Toro, Andrea Basantes Andrade, Francisco Pérez Carrasco, Benjamin Durakovic, 2024-12-13 On November 22, 23 and 24, 2023, the International Conference of Applied Engineering and Innovative Technologies AENIT 2023 was held at the El Olivo Campus of the Universidad Técnica del Norte UTN Ibarra, Ecuador. The main objective of the conference was to allow the exchange of knowledge and experiences between researchers from the different national and international universities that attended it. The event was organized by the UTN and had the academic endorsement of Cisco Latam Network Academy, Institute of Electrical and Electronic Engineers (IEEE), EC Council, Academia LATAM, Amazon Web Services, AWS, CEDIA Ecuador, Universidad Mariana Colombia, Universidad Cooperativa de Colombia, Colombia, Universidad Nacional de la Plata Argentina, and la Universidad Técnica de Manabí Ecuador. The publications presented at the conference were evaluated by a high-level International Scientific Committee which evaluated the relevance and originality of the works under a double-blind peer-review modality. 114 articles were received, of which 48 were accepted for publication. Due to the uncertainty caused by the COVID-19 pandemic, the conference was held in a hybrid format, in person and virtual.

Automotive Internal Auditor Pocket Guide Roderick A. Munro, 2004-06-30 This pocket guide is an essential resource for anyone in the automotive industry. It is designed to be used as a reference manual for conducting internal audits to ISO TS 16949:2002 using a new process approach. The book will assist internal auditors with planning and performing process audits in order to become more effective as an auditor and satisfy top management, auditees, and external customers. It includes practical case studies, the bodies of knowledge for the ASQ CQIA and CQA certifications, a glossary of terms, and a list of acronyms. When my former company arranged internal auditor training, I received this handbook. We were able to set up our programs, and for the first two audits, we maintained a very good score, as I remember no majors or minors. I have used and abused this book, and am planning to order a replacement. I would not want to be without it in my field; it is an easy-to-use guide on the floor. A reader in New Bedford, MA.
