Mexican Muralism:

Mexican Muralism Alejandro Anreus, Leonard Folgarait, Robin Adelle Greeley, 2012-09-08 In this comprehensive collection of essays three generations of international scholars examine Mexican muralism in its broad artistic and historical contexts from its iconic figures Diego Rivera Jos Clemente Orozco and David Alfaro Siqueiros to their successors in Mexico the United States and across Latin America These muralists conceived of their art as a political weapon in popular struggles over revolution and resistance state modernization and civic participation artistic freedom and cultural imperialism The contributors to this volume show how these artists murals transcended borders to engage major issues raised by the many different forms of modernity that emerged throughout the Americas during the twentieth century **Mexican Murals in Times of Crisis** Bruce Campbell, 2003-02 Blending ethnography political science and sociology with art history Campbell traces the emergence of modern Mexican mural art as a composite of aesthetic discursive and performative elements through which collective interests and identities are shaped He focuses on mural activists engaged combatively with the state in barrios unions and street protests to show that mural arts that are neither connected to the elite art world nor supported by the government have made significant contributions to Mexican culture **Muralism Without Walls** Anna Indych-López, 2009 Examines the introduction of Mexican muralism to the United States in the 1930s and the challenges faced by the artists their medium and the political overtones of their work in a new society **Mexican Muralism** Shifra M. Goldman, 1980 **Mexican Muralists** Desmond Rochfort, 1993 Traces the lives of three painters of the Mexican mural movement from their childhood in a rural feudal society through the years of revolution and their first commissions from the new State to the years of their artistic maturity Mexican Muralism, 2012 **The Mexican Muralists in the United States** Laurance P. Hurlburt, 1989 A study of the work of the great Mexican muralists Orozco Rivera and Siqueiros in the 1930s their influence upon US artists the decline in interest in their work after WWII and the resurrection of the 60s and 70s Some 240 plates of fair to good quality only 16 in color Annotation copyrighted by Book News Inc Portland OR **Mexican Mural Art** Roberto Cantú, 2020-11-24 This volume collects the work of prominent art critics art historians and literary critics who study the art lives and times of the leading Mexican muralists Jos Clemente Orozco Diego Rivera and among other artists David Alfaro Siqueiros Written exclusively for this book in English or in Spanish and with a full length introduction in English the selected essays respond to a surging interest in Mexican mural art bringing forth new interpretations and perspectives from the standpoint of the 21st century The volume s innovative and varied critical approaches will be of interest to a wide readership including professors and students of Mexican muralism as well as the speculative reader public libraries and art galleries around the world **Art and Revolution in Latin America, 1910-1990** David Craven, 2006-01-01 In this uniquely wide ranging book David Craven investigates the extraordinary impact of three Latin American revolutions on the visual arts and on cultural policy The three great upheavals in Mexico 1910 40 in Cuba 1959 89 and in Nicaragua 1979 90

were defining moments in twentieth century life in the Americas Craven discusses the structural logic of each movement s artistic project by whom how and for whom artworks were produced and assesses their legacies In each case he demonstrates how the consequences of the revolution reverberated in the arts and cultures far beyond national borders The book not only examines specific artworks originating from each revolution s attempt to deal with the challenge of socializing the arts but also the engagement of the working classes in Mexico Cuba and Nicaragua with a tradition of the fine arts made newly accessible through social transformation Craven considers how each revolution dealt with the pressing problem of creating a dialogical art one that reconfigures the existing artistic resource rather than one that just reproduces a populist art to keep things as they were In addition the author charts the impact on the revolutionary processes of theories of art and education articulated by such thinkers as John Dewey and Paulo Freire The book provides a fascinating new view of the Latin American revolutionaries from artists to political leaders who defined art as a fundamental force for the transformation of society and who bequeathed new ways of thinking about the relations among art ideology and class within a revolutionary process

Mexican Muralists Desmond Rochfort,1994 The Mexican Mural movement lasted from the 1920s until the early 1970s and represented one of the most powerful and significant achievements for public art this century This book follows the careers of the three most prominent artists of the movement los tres Grandes Jose Clemente Orozco Diego Rivera and David Alfaro Siqueiros Dr Rochfort traces their lives from childhood in a rural feudal society through the bloody years of the revolution and the first commissions from the new state and on to the years of their artistic maturity and their greatest works The first study to offer comprehensive color illustrations of all the major murals both those sited in Mexico and in the United States where all three artists worked in the 1930s it also looks at the paintings in the context of their cultural background and assesses the artists achievements within the political framework of their country The story is an extraordinary and moving one telling of the forging of a national identity through an unprecedented marriage between politics and art Dr Rochfort has written a lively accessible text which presents a complex period of art history clearly and well while the illustrations ensure that the sheer scale of the works is never forgotten
