Ravenelle,2023-10-24 The first major study of how the pandemic affected gig workers a sociological exploration that reads like a novel This is the story of what the most vulnerable wage earners gig workers restaurant staff early career creatives and minimum wage laborers do when the economy suddenly collapses In Side Hustle Safety Net Alexandria J Ravenelle builds on interviews with nearly two hundred gig based and precarious workers conducted during the height of the pandemic to uncover the unique challenges they faced in unprecedented times This book looks at both the officially unemployed and the forgotten jobless a digital era demographic that turned to side hustles and reveals how they fared CARES Act assistance allowed some to change careers start businesses perhaps transform their lives However gig workers and those involved in polyemployment found themselves at the mercy of outdated unemployment systems vulnerable to scams and attempting dubious survival strategies Ultimately Side Hustle Safety Net argues that the rise of the gig economy partnered with underemployment and economic instability has increased worker precarity with disastrous consequences

*The Future of Work in the United States* Natalie Rauscher,2021-09-03 This book presents and analyzes how restructuring processes due to technological change are reflected and processed in political and public discourses in the United States in the most recent past More specifically this work examines how the themes of automation digitization and the platform economy and their impact on the future of work are reflected in public discourse through the analysis of journalistic articles and political discourse through the analysis of congressional hearings Public and political discourses as well as economic narratives shape our understanding of certain developments such as technological change our behavior more generally and societal support of said developments Therefore it is vital to investigate and analyze these discourses in order to show how technological change is perceived and evaluated today This work draws from concepts and methods of several different disciplines most notably using a combination of corpus linguistic methods and exemplary textual analysis This way this work stands as truly interdisciplinary with a unique approach to the quantitative and qualitative examination of discourses *The End of the Alphabet* Isabel Brown,2024-03-19 A rising Gen Z star empowers members of her generation to embrace

conservative values and to rise up and fight for the future and those who will come after us Gen Z has the power to change the world As the largest emerging demographic in American history Gen Z is at the center of a cultural shift one that will define the direction of our country for generations to come Intellectually curious culturally courageous and unafraid to push societal boundaries Gen Z is ready to embrace leadership as the most educated generation in history These young and often underestimated Americans are here to fight for a better future and we won't wait for permission to lead Rising content creator Isabel Brown is smart driven and passionate a strong champion for truth in America She fervently believes that Gen Z has the power the potential and the opportunity to define the cultural direction of America The End of the Alphabet is a rallying cry for Gen Z to embrace traditional values in a new age way and step up to make our voices heard Although taking an active role in culture and politics is nothing new for young people today's youth face overwhelming push back from older demographics Looked down on by those who came before us as too young too naive and too unique to impact our society Gen Zers are instead told to sit down and shut up until they have earned enough life experience to lead This view of Gen Z is crippling and deeply ignorant of the cultural shifts we have and will experience in the coming decades as Gen Z begins to step into positions of power and leadership So who is Gen Z What does the future of our nation and conservatism look like with Gen Z at the helm Read this book to find out **The Nine** Phil Simon, 2023-04-06 As COVID has receded companies such as Apple Amazon Google Salesforce and Twitter have severely restricted or even eliminated remote work Ditto for countless less iconic firms and small businesses At a high level executives and managers at these organizations are trying to turn back the clock to 2019 There's just one problem though For a bevy of reasons they won't succeed In many ways the workplace of 2023 already differs from its pre pandemic counterpart In some cases it's downright unrecognizable What's more this gap will only intensify in the coming years Blame or thank if you like powerful economic societal geopolitical and technological forces They include generative AI automation dispersed workforces blockchain immersive technologies employee empowerment and the return of systemic inflation Brass tacks The workplace is undergoing a massive irrevocable shift The only question for business leaders is What should you do about it In **The Nine** The Tectonic Forces Reshaping the Workplace award winning author and world renowned workplace tech expert Phil Simon answers that question in spades He peers into the dizzying and chaotic future of work Simon slices through the hype surrounding nascent trends and newfangled technologies Insightful timely and essential **The Nine** clearly explains what's really happening why and how business leaders can navigate the dramatically different workplace of the future *Labor Market Trends in Minnesota*, 1950 Consists of folder containing separate newsletters analyzing the employment conditions in various Minnesota cities and towns **US Labour Unions Today** A.
