Hooley, 2013 *Abnormal Psychology* James Neal Butcher, Susan Mineka, Jill M. Hooley, Steven Taylor, Martin M. Antony, 2009 *Social Deviance* Tim Delaney, 2017-06-16 The topic of social deviance is inherently intriguing People in general and college students in particular find the topic of deviant behavior fascinating This can be explained at least in part by a combination of the subject matter itself our own past deviant behaviors and our willingness and desire to evaluate and comment on the behaviors of others While the topic of deviant behavior seems straightforward at the surface the study of social deviance reveals how complicated it really is Although *Social Deviance* utilizes a textbook style approach in its coverage of deviant behavior this comprehensive straightforward and student friendly book maintains student interest because of the author's use of real life phenomena and current examples Each chapter includes chapter objectives an introductory story a glossary of key terms discussion questions

and boxed material The boxed materials include A Closer Look box that zooms in on topics that warrant deeper explanation and a Connecting Social Deviance and Popular Culture box that shows how contemporary forms of popular culture illustrate deviant behavior
