**Higher Education in the Asian Century** Christopher Hill, Rozilini M. Fernandez-Chung, 2016-12-01 There is increasing interest in the Asian arena both as a home for the delivery of international higher education and as a breeding ground for a new brand of sustainable domestic and international growth Academics are increasingly turning to Asia and Asian Education in order to better understand and predict the emerging trends of global education and this book will serve to provide a forum for debate of this nature The book provides an insight into the interplay of Asian and European education identifies the key areas for further development and firmly grounds the approach as one of conversation and dialogue rather than one sided dictation It also highlights the critical issues within the development of international education discusses the value and challenges of existing TNE practices as a mechanism to respond to the emerging Asian needs and provides an insight into the future direction of education in the Asian century

**Accounting & Business**, 2009 **Financial Accountability in Nepal** World Bank, 2003 Nepal has suffered from the lack of proper management of public expenditures stagnant real revenues large and inefficient parastatals and a weak financial sector Fiduciary risk remains high His Majesty s Government of Nepal has accorded high priority to the assurance of good accountability and transparency in public sector financial management Reforms are now critical and should be approached in an integrated way covering planning budgeting accounting internal control internal audit external audit and oversight Action in only one area of financial management will not result in the same degree of benefits The capacity building recommended in this report s Development Action Plan is designed to introduce international accounting and auditing standards in both the public and the private sectors and to close the gap between precept and practice The Government has a firm commitment to implement these time bound actions

*Integrated Reporting (IR) for Sustainability* Ki-Hoon Lee, Samantha Senaratne, Nuwan Gunarathne, 2023-10-24 The book presents a rich collection of research studies on the theory and practice of corporate integrated reporting IR in South Asia South Asia is emerging to compete in the world marketplace and one of fast economically growing regions to contribute to the global economy As the region s economic development accelerates balancing economic and environmental development appears as a key sustainability challenge for governments investors consumers and local communities Companies in South Asia region are therefore increasingly challenged to reduce their environmental impacts and to contribute to sustainable development This book includes valuable contributions of advanced research concepts applications developments and case studies on corporate IR and sustainability accounting in South Asia and the roles of different professional accounting bodies to strength corporate sustainability and build capacity in the South Asian Region

*The Integrated Reporting Movement* Robert G. Eccles, Michael P. Krzus, 2014-10-20 An in depth enlightening look at the integrated reporting movement The Integrated Reporting Movement explores the meaning of the concept explains the forces that provide momentum to the associated movement and examines the motives of the actors involved The book posits

integrated reporting as a key mechanism by which companies can ensure their own long term sustainability by contributing to a sustainable society Although integrated reporting has seen substantial development due to the support of companies investors and the initiatives of a number of NGOs widespread regulatory intervention has yet to materialize Outside of South Africa adoption remains voluntary accomplished via social movement abetted to varying degrees by market forces In considering integrated reporting s current state of play the authors provide guidance to ensure wider adoption of the practice and success of the movement starting with how companies can improve their own reporting processes But the support of investors regulators and NGOs is also important All will benefit as will society as a whole Readers will learn how integrated reporting has evolved over the years where frameworks and standards are today and the practices that help ensure effective implementation including but not limited to an extensive discussion of information technology s role in reporting and the importance of corporate reporting websites The authors introduce the concepts of an annual board of directors Statement of Significant Audiences and Materiality and a Sustainable Value Matrix tool that translates the statement into management decisions The book argues that the appropriate combination of market and regulatory forces to speed adoption will vary by country concluding with four specific recommendations about what must be done to accelerate high quality adoption of integrated reporting around the world
