Intermediate ActionScript 3.0 for Game Development Jamie Campbell,2009 *The Essential Guide to Flash Games* Jeff
Fulton,Steve Fulton,2010-04-28 The Essential Guide to Flash Games is a unique tool for Flash game developers Rather than
focusing on a bunch of low level how to material this book dives straight into building games The book is divided into specific
game genre projects covering everything from old classics such as a Missile Command style game to hot new genres such as
retro evolved The chapters build in complexity through the book and new tools are introduced along the way that can be
reused for other games The game projects covered start simple and increase in complexity as more and more tools are added
to your tool chest Ten full game projects are discussed in detail Each solves a very different game development problem and
builds on the knowledge gained from the previous project Many advanced game development techniques are covered
including particle systems advanced controls artificial intelligence blitting scrolling and more **Game Programming All
