

## PART II: ANALYZING TEST ITEMS

### Competency 1

- Which is the most accepted definition of sociology?
  - A. Science of man and his achievement
  - B. Science of human behavior
  - C. Science of man and society
  - D. Science of man, development and works

\*The correct answer is Option C because it gives a comprehensive definition of sociology. The definition includes two broad concepts i.e., man and society the former subsuming Option B. Options A & D are anthropological definitions.

### Competency 4

- You have some foreign visitors who will stay for a time in your community. What two actions will you take to manage conflicting situations and at the same time bring about values that enhance your sense of nationhood?
  - A. Try hard to speak the way they do for better understanding.
  - B. Bring them to places the country is well-known for.
  - C. Serve them the same food that they eat in their country.
  - D. Show them desirable Filipino traits.

\*Conflict may arise when two different cultures meet and interact. In Option A, trying to speak the language of another culture does not promote one's own language nor brings out a sense of nationhood to an individual. Likewise in Option C, Serving the person the food he eats in his own country does not do the country any good.

So, the right answers are Options B & D. Both are positive indicators of love of country. Also, such actions signify the desire to contribute to national well-being by promoting the Philippines through visits to some scenic spots and show of desirable Filipino traits to them.

### Competency 5

- Mrs. Arao gave her students a unit test and found out that three of them got failing marks in subtracting mixed fractions. What should she do to help them?
  - A. Ask the bright students to coach them.
  - B. Personally give them remedial lessons.
  - C. Tell the parents to get them a personal tutor.
  - D. Let the class know what happened to the three.

\*Option A is not the right answer because bright students should not be obligated to teach their classmates. In Option C, teachers may suggest / advise but not order parents to hire a personal tutor for their children. Option D may cause further embarrassment / humiliation to the concerned once done.

The correct answer is Option B because teachers are committed to do everything they can just to make the students learn. It implies teachers' accountability if failure to do so.
