

AI Agents Characteristics

Autonomy

An agent can understand not only "what" to do but also "why," adapting its actions based on objectives rather than following step-by-step instructions.

Tools

Equipped with specialized tools that allow them to perform actions beyond simple responses, such as retrieving data, executing commands, or interacting with external APIs.

Context

Agents can manage and interpret context dynamically, incorporating real-time data. They should be able to retrieve additional information and manage their internal state.

Collaboration

Agents can collaborate with humans or other agents in real time, especially in multi-agent systems. Some call them "AI swarms" or "AI crews."
