## **The New Extremism In Cinema From France To Europe 1st Edition:**

**Genre Trouble and Extreme Cinema** Troy Bordun, 2017-11-10 This volume re-evaluates theories of genre and spectatorship in light of a critic-defined tendency in recent art cinema coined extreme cinema. In *Genre Trouble and Extreme Cinema*, Bordun argues that the films of Mexican director Carlos Reygadas and French director Catherine Breillat expand generic classifications. Bordun contends that their films make it apparent that genre is not established prior to the viewing of a work but is recollected and assembled by spectators in ways that matter for them in both personal and experiential terms. The author deploys contemporary film theories on the senses, both phenomenological and affect theory, and partakes in close readings of the films' forms and narratives. The book thus adds to the present literature on extreme cinema and film theory yet sets itself apart by fully deploying genre theory alongside the methodological and stylistic approaches of Stanley Cavell, Vivian Sobchack, Laura U. Marks, and Eugenie Brinkema.

***Transgressive Art Films*** Oliver Kenny, 2023-08-01 *Transgressive Art Films* offers a holistic approach to the way we consider controversial and extreme cinema, not just as individual or grouped texts for analysis but as artefacts that ought to be considered within a complex network of social factors. This book provides a rigorous framework for understanding some of the most controversial films of the past twenty-five years. The term transgressive art film designates the phenomenon of a small number of controversial films recuperated each year by the cinema art world as part of an expansion of the definition of film art. Rather than seeing controversial films as aberrations, this book suggests that transgressive art films should be understood as a socio-cultural phenomenon and a central plank of cinema's need for newness, innovation, and renewal. By paying attention to all scales of cinema, from close analysis of individual frames through the discourse constructed around them up to global distribution and film festival networks, *Transgressive Art Films* details how certain kinds of cinematic transgression gain wide-ranging institutional support rather than being ignored or forgotten.

***Contemporary Slavic horror across media*** Agnieszka Jezyk, 2025-06-17 In the Western cultural production that puts individual or collective fear at its center, East Central Europe has been portrayed as an othered space of horror, lawless, frightening zones where anything can happen. Incorporating articles on literature, film, visual arts, video games, music, videos, and music festivals, *Contemporary Slavic horror across media* is a pioneering edited collection devoted to Slavic horror fiction. The volume focuses on works from the mid-20th century through the present, particularly the post-Soviet period. Assessing current trends in Czech, Polish, Russian, Slovak, Ukrainian, and East Central European horror media, the chapters look at similarities and idiosyncrasies of the genre in its Slavic variant. The book aims to tame the Easterner Other and start exorcising monstrous East Central Europe.

***Hearing Haneke*** Elsie M. Walker, 2018 Michael Haneke's films subject us to extreme experiences of disturbance, desperation, grief, and violence. They are unsoftened by music, punctuated by accosting noises, shaped by painful silences, and charged with aggressive dialogue. The soundtracks are even more traumatic to hear than his stories are to see, but they also offer us the transformative possibilities of reawakened sonic

awareness Haneke's use of sound redefines cinema in ways that can help us re-hear everything including our own voices and everything around us better. Though Haneke's films make exceptional demands on us, he is among the most celebrated of living auteurs; he is two-time recipient of the Palme d'Or at Cannes Film Festival for *The White Ribbon* (2009) and *Amour* (2012) and Academy Award winner of Best Foreign Language Film for *Amour* along with numerous other awards. The radical confrontationality of his cinema makes him an internationally controversial as well as revered subject. *Hearing Haneke* is the first book-length study of the sound tracks that define this living legacy. This book explores the haunting subversive and political significance of all aural elements through Haneke's major feature films: dialogue, sound effects, silences, and music, all of which are meticulously conducted by him. Many critics read Haneke as coolly dispassionate about showing scenes of humanity under threat, but *Hearing Haneke* argues that all facets of his sound tracks stress humane understanding and the importance of compassion. This book provides exceptionally detailed analyses of all Haneke's most celebrated films, including *The Seventh Continent*, *Funny Games*, *Code Unknown*, *The Piano Teacher*, *Caché*, *The White Ribbon*, and *Amour*. The writing brings together film theory, musicology, history, and cultural studies in ways that resonate broadly. *Hearing Haneke* will matter to anyone who cares about the power of art to inspire progressive change.
