***“Bear in mind: The Greater Israel design is not strictly a Zionist Project for the Middle East, it is an integral part of US foreign policy, its strategic objective is to extend US hegemony as well as fracture and balkanize the Middle East. (See Map Below)***

In this regard, Washington’s strategy consists in destabilizing and weakening regional economic powers in the Middle East including Turkey and Iran. This policy –which is consistent with the Greater Israel– is accompanied by a process of political fragmentation.

Since the Gulf war (1991), the Pentagon has contemplated the creation of a “Free Kurdistan” which would include **the annexation of parts of Iraq, Syria and Iran as well as Turkey** (Michel Chossudovsky, see analysis below)
