Puja Singh,2018-05-08 Salient Features First of its kind when the book is not written by the senior authors but by the student  
who is in the race of PGMEET competition Being the student ourselves we have observed that giving sleepless nights to  
textbooks class notes and question based books studying the whole year but failing to compile and revise everything in the  
final lap was the most common regret that students have We came up with an idea during our own preparations to compile  
the maximum possible important facts and data along with necessary diagrams mnemonics and Photographs together at one  
place in the most concise and simplified way and this idea came into reality by completing this herculean task which ended  
with a fruit in your hand My PGMEET Notes In these Notes we are using inclusive target oriented approach based on the new  
exam patterns that we have experienced in the last few years The Notes itself defies Jack of all trades and master of SOME It  
is like SEA IN A POT It contains All the important topics of 19 Subjects of MBBS Perfect illustrations diagrams and clinical  
photographs wherever necessary Important Tables from Authentic Textbooks and journals Most Recent updates from latest  
Textbooks Journals and Important Website Mnemonics for various topics for a quick recall of the topics when needed Content  
Reviewed by Various PG Aspirants from PAN India Medical Colleges Subject Experts Each page in the Notes is provided with  
a Space for Extra Points In that space students can add their extra points which they feel are important for that particular  
topic This way at the end the Notes will have everything at one place perfectly tailored for you How to make the best out of  
this Notes To make the best out of this Notes make a schedule to complete this notes by studying it for a specific number of  
hours day like 1 2 hours day or a specific number of pages per day like 20 30 pages day complete it add the Special Points  
Revise and Re revise For example Make a cycle of 40 days try to complete this notes in 40 days studying 20 pages day The  
way Notes has been represented it will take hardly 2 hours for you to complete your 20 page quota of the day As soon as your  
one cycle is over start with another cycle which may be shorter this time say 32 days with 25 pages day With this plan till  
your exams knock your door you would have already revised the Notes n number of times and then re revise these Notes in  
the last week before the exam This is sort of must follow step for you To make this Notes more fruitful optimize it according  
to your needs by adding the extra points newer updates in the space provided below each page in respective topics and make  
it a complete package for your last month preparation      Essentials of Medical Parasitology Apurba Sankar Sastry,Sandhya
