

# Solutions to deforestation

We can limit deforestation and its effects.

## Eat less meat and buy sustainable products

Reducing beef consumption by 20% could halve deforestation in the next 30 years. Purchasing sustainable products also minimizes deforestation.

## Give indigenous people control of forests

Deforestation is more cost-efficient, and rates are 20% lower where Indigenous people are in charge of the land.

## Regulate supply chains for sustainability

40% of tropical deforestation results from the trade of commodities. Making those supply chains sustainable will limit deforestation.

## Sustainable forest management

Following a globally recognized certification standard like FSC helps promote sustainable forest management.
