The Norwegian Intelligence Service 1945 1970 Studies In Intelligence:

The Norwegian Intelligence Service, 1945-1970 Olav Riste, 2014-02-04 This is a history of the Norwegian Intelligence Service NIS during the Cold War based on its secret archives The author describes a service that grew from a handful of specialists in 1946 to a multi faceted organization with a personnel of about 1000 by the end of the 1960s **The Norwegian Intelligence Service** Olav Riste, 1999 After many imaginative and often speculative books about the Norwegian intelligence service this book represents an authentic and thoroughly documented history The author presents detailed descriptions of the build up of a network of Norwegian signals intelligence stations in the north border crossings by clandestine agents the reporting of Norwegian merchant mariners from ports behind the Iron Curtain the intimate co operation between the NIS and the secret services of the United States and other countries as well as of the establishment of a Stay Behind network Jacket *The Politics and Strategy of Clandestine War* Neville Wylie, 2006-09-15 This fascinating new collection of essays on Britain s Special Operations Executive SOE explores the non military aspects of British special operations in the Second World War It details how SOE was established in the summer of 1940 to set Europe ablaze as Churchill memorably put it This was a task it was meant to achieve by detonating popular resistance against Axis rule and nurturing secret armies which might be capable of providing military and other forms of assistance for British forces when they were once again able to return to the offensive and conduct land operations in Europe The importance of the collection however goes beyond merely illuminating aspects of SOE s work which have largely been overlooked in previous scholarship More significantly by situating SOE within the context of Britain s broader political needs the essays demonstrate the extent to which SOE came to epitomise and embody the range of skills that are found in today s secret service organisations SOE showed itself capable of operating on a global scale and developing the necessary expertise equipment and personnel to conduct activities across the whole spectrum of what we have come to know as covert operations By bringing SOE s activities into sharper focus and exposing the scale of its involvement in Britain s wartime external relations the essays echo current thinking on the place of the so called secret world in international politics **The Wizards Of Langley** Jeffrey T. Richelson, 2008-11-10 In this the first full length study of the Directorate of Science and Technology Jeffrey T Richelson walks us down the corridors of CIA headquarters in Langley Virginia and through the four decades of science scientists and managers that produced the CIA we have today He tells a story of amazing technological innovation in service of intelligence gathering of bitter bureaucratic infighting and sometimes as in the case of its mind control adventure of stunning moral failure Based on original interviews and extensive archival research *The Wizards of Langley* turns a piercing lamp on many of the agency s activities many never before made public *The Norwegian Intelligence Service, 1945-1970* Olav Riste (politologue)., 1999 *The Oxford Handbook of Norwegian Politics*, 2025-09-15 The Oxford Handbook of Norwegian Politics provides a comprehensive examination of Norway s political institutions politics public policy making and international

relations As the introductory chapter highlights Norway has traditionally been characterized as a stable homogeneous corporatist and consensus oriented democracy At the same time it is well established that many of the country s distinctive features have been challenged and have perhaps declined in recent decades Norway has evolved in the face of rapid economic growth significant government access to massive oil revenues deindustrialization public sector expansion increasing cultural pluralism and economic inequality as well as growing party system fragmentation and the decline of the once dominant social democratic party This Handbook gives readers an updated account of major political developments and what characterizes Norway s politics compared to other countries in Scandinavia and beyond The diverse set of authors selected for their in depth knowledge and extensive expertise offer valuable insights into the different aspects of Norwegian politics Each chapter offers foundational knowledge about the present Norwegian system while presenting state of the art overviews of key issues and findings drawn from the most relevant research in the respective fields The authors also provide original analyses of more specialized topics or trace historical developments and overarching trends With over seventy contributors and written in an accessible manner this Handbook is an indispensable resource for understanding Norwegian politics *American Book Publishing Record* ,1999 *The U.S. Intelligence Community 4E* Jeffrey Richelson,1999-02-04 This book provides a detailed overview of America s vast intelligence empire its organizations its operations from spies on the ground to satellites thousands of miles in space and its management structure Relying on a multitude of sources including hundreds of official documents it provides an up to date picture of the U S intelligence community that will provide support to policymakers and military operations into the next century **Peace Research Abstracts Journal** ,2000 **America, History and Life** ,2007 Article abstracts and citations of reviews and dissertations covering the United States and Canada Scandinavia Elias Bredsdorff,2000 *Die Gründung der Nordatlantischen Allianz* Gero von Gersdorff,2009 Die nationalen und b ndnisinternen Entscheidungsprozesse auf dem Weg zum Atlantischen B ndnis vor dem Hintergrund beunruhigend empfundener Bedrohungsvorstellungen geben in multinationaler Perspektive auf teils neu erschlossener Quellengrundlage umfassend Einblick in die h chst unterschiedlichen Interessen und Motive aus denen sich die internationalen und nationalen Akteure auf eine solidarische Allianz einlie en Die b ndnispolitische Konsensfindung forderte von ihnen au ergew hnliche Modalit ten und Verfahrensweisen die Ber cksichtigung wirtschafts und finanzpolitischer Gegebenheiten Beachtung verteidigungspolitischer und milit rstrategischer Bedingungen hohes Einf hlungsverm gen in mentalit tsgeschichtliche Denkmuster die berwindung ideologischer Vorbehalte sowie ein Gesp r f r innen partei und gesellschaftspolitisch notwendige R cksichten So wird verst ndlich warum unter dem vorrangigen Vorbehalt weitgehender Bewahrung nationaler Souver nit t Kosten und Nutzen sowie Chancen und Risiken wachsam abzuw gen waren um eine tragf hige transatlantische Friedensordnung zu gestalten die kosteneffiziente kollektive Sicherheit versprach Als die Nordatlantische Allianz aus der Taufe gehoben wurde trug sie diesem Spannungsverh ltnis zwischen nationalem Selbsterhalt

Olesen,2004 During the Cold War the Nordic Countries were walking a tightrope being located in the vicinity of the USSR dominated red empire This book contains five articles that evaluate Nordic Cold War research within its national context with each contribution pointing to what has so far been achieved by existing research what progress is to be expected from projects under way and what seem to be the most important gaps to be filled in the future Attention is given predominantly to presenting and discussing studies which have appeared in the post Cold War period with the exception of the Swedish contribution which presents a more general outline of Cold War research Following these national contributions the book concludes by taking up the comparative challenge The book is a logical point of departure for researchers who want to work with Nordic Cold War history especially on a truly comparative basis **Teaching and Studying U.S. History in Europe** Cornelis A. van Minnen,Sylvia L. Hilton,2007 Offering a much needed report on the academic study of U S history in Europe this collection of essays provides a historical overview of its development in 13 European countries It offers insight into the possible connections between governmental policies on both sides of the Atlantic popular interest student demand and individual scholars commitment to this academic pursuit These essays also contribute towards a better understanding of the complex ways in which European historians of the United States have navigated the different and often conflicting demands constraints and opportunities that arise from their official job descriptions and various institutional affiliations **Diplomaten und Agenten** Reinhard R. Doerries,2001 Erst seit wenigen Jahren befassen sich deutsche Historiker ernsthaft mit der Geschichte der Nachrichtendienste Die in diesem Band zusammengetragenen Forschungsergebnisse erlauben ganz neue Interpretationen der vom Ersten Weltkrieg bis zum Kalten Krieg im Zentrum der deutschen Aussenpolitik stehenden Beziehungen zu den USA In Krieg und Frieden haben die Aktivitaten der Nachrichtendienste einen wesentlichen Einfluss auf die Entwicklung der internationalen Beziehungen ausgeubt Die Offnung zahlreicher bisher fur die Forschung nicht zuganglicher Aktenbestande in deutschen und auslandischen Archiven hat massgeblich dazu beigetragen dass die haufig sensationellen popularwissenschaftlichen Publikationen auf diesem Gebiet zunehmend durch zuverlassige und wissenschaftlich nachvollziehbare Untersuchungen ersetzt werden konnen Somit bietet der Band fur Historiker Politikwissenschaftler und Journalisten neue Sichtweisen der Geschichte des 20 Jahrhunderts Norway's Foreign Relations Olav Riste,2001 Geografien og globusen former lett det metale kart i v re og andres hoder av et Norge som er kalt balkongen i det store verdensteateret der vi holder lett avstand observerer mer enn vi deltar formaner andre og bare sjelden m s ke dekning og hjelp n r det faller skarpe skudd Slik fremst r Norge i denne boken der en historiker trekker opp de lange linjene i norsk utenrikspolitikk professor Olav Riste g r hele 1000 r tilbake i historien Boken er til dels en sammenfatning av flerbindsverket Norsk utenrikspolitikk historie og til dels et

Jensen,2009 When the Second World War began Canada had no foreign intelligence capacity Its political leaders had concluded that a clandestine service was not necessary to meet the nation s intelligence requirements Yet Kurt F Jensen argues that the country was a more active intelligence partner in the wartime alliance than has previously been suggested Drawing on newly released materials and exhaustive research he describes Canada s contributions to Allied intelligence before the war began as well as the distinctly Canadian activities that started from that point He reveals how the government created an intelligence organization during the war to aid Allied resources and established operations such as SIGINT or Signal Intelligence which intercepted and decrypted Vichy and Free French diplomatic communications Cautious Beginnings spans the period from 1939 to 1951 when key policy and personnel structures were put in place In the postwar years Canada reconfigured its foreign intelligence operations to meet the challenges of a changing world and by the early 1950s possessed resources that rivalled or exceeded those of many other nations This is a convincing portrait of a nation with an active role in Second World War intelligence gathering one that continues to influence the architecture of its current capabilities This book will interest students and academics in Canadian history political science military history specialists in the field and anyone interested in the often mysterious world of foreign intelligence The International Who's Who ,1990
