The Professional Subroto Bagchi Free:

The Professional Subroto Bagchi, 2011-06-30 A manifesto on what it takes to be a true professional in the modern world. By common definition a professional is anyone who possesses the skills and knowledge necessary for a career whether as a surgeon, a software engineer, or a plumber. But according to Subroto Bagchi, our increasingly global marketplace demands more. In a world where the foolish, selfish, and unethical decisions of a few have affected the lives of millions, *The Professional* urges readers to act responsibly and reexamine business as usual. By exploring a variety of professional dilemmas across many industries, Bagchi defines the qualities of true professionals and the attributes that separate them from the merely competent. These include: Suffer no false attractions. It's always tempting to take the path of least resistance, but true professionals can separate the genuine from the phony. Know when to say no. True professionals are not afraid to say no to things that are not worth their time, their energy, or their creativity. Take the long view. True professionals understand that every action, decision, and relationship, no matter how small, can have a lasting impact. **Go Kiss the World** Subroto Bagchi, 2009-08-05 Go kiss the world were Subroto Bagchi's blind mother's last words to him. These words became the guiding principle of his life. Subroto Bagchi grew up amidst what he calls the material simplicity of rural and small town Orissa, imbibing from his family a sense of contentment, constant wonder, connectedness to a larger whole, and learning from unusual sources. From humble beginnings, he went on to achieve extraordinary professional success, eventually co-founding MindTree, one of India's most admired software services companies. Through personal anecdotes and simple words of wisdom, Subroto Bagchi brings to the young professional lessons in working and living, energizing ordinary people to lead extraordinary lives. *Go Kiss the World* will be an inspiration to young India and to those who come from small town India, urging them to recognize and develop their inner strengths, thereby helping them realize their own unique potential.
