Mental Capacity in Relationship Camillia Kong,2017-05-11 Recent legal developments challenge how valid the concept of mental capacity is in determining whether individuals with impairments can make decisions about their care and treatment Kong defends a concept of mental capacity but argues that such assessments must consider how relationships and dialogue can enable or disable the decision making abilities of these individuals This is thoroughly investigated using an interdisciplinary approach that combines philosophy and legal analysis of the law in England and Wales the European Court of Human Rights and the United Nations Convention on the Rights of Persons with Disabilities By exploring key concepts underlying mental capacity the investigation concludes that both primary relationships and capacity assessments themselves must display key competencies to ensure that autonomy skills are promoted and encouraged This ultimately provides scope for justifiable interventions into disabling relationships and articulates the dialogical practices that help better situate interpret and understand the choices and actions of individuals with impairments

Language—It's Origins and Enduring Mystery Merrill Glustrom Ph.D.,2026-01-29 Welcome to a very special journey an exploration of the origin purpose and evolution of language Pull back the curtain and join us as we explore the fascinating story of human language indeed our greatest invention From the dawn of human communication to its modern complexities this book offers a captivating journey into the essence of language and its profound impact on society Whether you re a language enthusiast or simply curious about our most fundamental form of expression we promise an enjoyable adventure and at times very special times an incredible sensation of eavesdropping on our distant ancestors as they discovered a way to communicate that was so game changing it came to define who we are Is it ESL, Special Needs or ESL with Special Educational Needs? Karen Dalton,2018-08-29 Essay from the year 2016 in the subject Pedagogy Orthopaedagogy and Special Education grade Charles Darwin University language English abstract Recent studies have suggested that the limited research literature that is devoted to second language acquisition disorders for students with special educational needs can be categorized into two clear polarizing views being firstly clinical representation of the disorders and secondly classroom interventional strategies and curriculum adaption Neither camp seeks to acknowledge the importance of the role the other plays This is an extremely unfortunate situation as the theoretical literature the most common place educators and parents seek out assistance to help the learner is a gallimaufry of ideas for the most part which do not draw upon clinical research data as it is more often than not presented and worded in a way that makes it inaccessible to those without a deep knowledge of linguistics or medical terminology Future research in this area would benefit from a more user friendly cross discipline approach Representing Religion in Film Tenzan Eaghll,Rebekka King,2022-06-30 This is the first full length exploration of the relationship between religion film and ideology It shows how religion is imagined constructed and interpreted in film and film criticism The films analyzed include The Last Jedi Terminator Cloud Atlas Darjeeling Limited Hellboy The Revenant Religulous and The Secret of my Success Each chapter offers an explanation of the particular representation of religion that appears in film a discussion of how this representation has been interpreted in film criticism and religious studies scholarship an in depth study of a Hollywood or popular film to highlight the rhetorical social and political functions this representation accomplishes on the silver screen a discussion about how such analysis might be applied to other films of a similar genre Written in an accessible style and focusing on Hollywood and popular cinema this book will be of interest to both movie lovers and experts alike A Kind of Mirraculas Paradise Sandy Allen,2018-01-23 Compelling A bracing work of art and a loving tribute Los Angeles Times this propulsive stunning book illuminates the experience of living with schizophrenia like never before Sandra Allen did not know their uncle Bob very well As a child Sandy had been told Bob was crazy that he had spent time in mental hospitals while growing up in Berkeley in the 60s and 70s But Bob had lived a hermetic life in a remote part of California for longer than Sandy had been alive and what little Sandy knew of him came from rare family reunions or odd infrequent phone calls Then in 2009 Bob mailed Sandy his autobiography Typewritten in all caps a stream of error

riddled sentences more than sixty single spaced pages the often incomprehensible manuscript proclaimed to be a true story about being labeled a psychotic paranoid schizophrenic and arrived with a plea to help him get his story out to the world Searing O The Oprah Magazine enthralling Star Tribune Minneapolis and a marvel Esquire A Kind of Mirraculas Paradise shows how Sandy translated Bob s autobiography artfully creating a gripping coming of age story while sticking faithfully to the facts as he shared them Sandy also shares background information about their family the culturally explosive time and place of their uncle s formative years and the vitally important questions surrounding schizophrenia and mental healthcare in America more broadly The result is a heartbreaking and sometimes hilarious portrait of a young man striving for stability in his life as well as his mind and an utterly unique lens into an experience that to most people remains unimaginable Thrilling Gorgeous a watershed in empathetic adaptation of outsider autobiography The New Republic A Kind of Mirraculas Paradise is a dazzlingly daringly written book that s poised to change conversations about schizophrenia and mental illness overall
