10. **Additional** means that a second discount is being applied. For example, after a 10% discount, a 20% off means that you are getting an additional 20% off.

How is going to your job, both your advantages, are what's better, sometimes, though they're working in the same, or getting a higher % off?

11. **Order** is important as a 10% discount followed by a 20% off is not the same as a 20% off followed by a 10% discount.

Finally, Price percent off, like \$5.00, which is not for better because it's not price, it's a price, but it's not, it's \$20.00.
