Learning the Arts of Linguistic Survival Alison Phipps, 2006-11-10 In this ground breaking contribution to the study of tourism and languages Alison Phipps examines what happens when tourists learn to speak other languages From ordering a coffee to following directions she argues for a new perception of the relationship between tourism and languages from one based on the acquisition of basic functional skills to one which sustains and even strengthens intercultural dialogue The twelve chapters comprising this book tell stories of the experience of learning and speaking tourist languages Drawing on a range of disciplines Alison Phipps takes the reader on a journey through risk finding mistakes laughter conversations and the imagination She provides rich descriptions of the world of language learning which has remained invisible to mainstream studies of language education existing as it does on the margins of educational life She shows how tourism is shaped by the learning experiences of everyday life Languages she argues passionately fundamentally change the nature of perception dwelling and relationships to other people and the world This book will be essential reading for all those interested in tourism studies and in modern languages education It is a timely study coming at time of crisis in languages as English exerts its power as a world language and as a dominant language of tourism Learning the Arts of Linguistic Survival Languaging Tourism Life will also be of interest to anthropologists linguists geographers sociologists and those studying education

Promoting Positive Learning Experiences in Middle School Education Gaines,

Cherie Barnett, Hutson, Kristy M., 2021-01-15 Declining academic performance along with a growing apathy of students toward the value of education demonstrates that students in the United States public education system do not recognize the value of a positive experience in middle schools A plethora of research and writing has been done on elementary schools and secondary schools but middle school education as a whole has been left behind For this reason there is the need for current research on all aspects and topics that may contribute to middle school student success Promoting Positive Learning Experiences in Middle School Education focuses on the ideal conditions for maximizing student success and engagement in middle school education The chapters take a deeper look into the modern tools technologies methods and theories driving current research on middle school students their teachers their classroom environment and their learning Highlighting topics such as curriculum reform instructional strategies and practices effective teaching and technology in the modern classroom this book is ideally intended for middle school teachers middle school administrators and school district administrators along with practitioners stakeholders researchers academicians and students interested in middle school education and student success
