**Electronic Waste Management and Treatment Technology** Majeti Narasimha Vara Prasad, Meththika

Vithanage, 2019-03-14 Electronic Waste Management and Treatment Technology applies the latest research for designing waste treatment and disposal strategies. Written for researchers who are exploring this emerging topic, the book begins with a short but rigorous discussion of electric waste management that outlines common hazardous materials such as mercury, lead, silver, and flame retardants. The book also discusses the fate of metals contained in waste electrical and electronic equipment in municipal waste treatment. Materials and methods for the remediation, recycling, and treatment of plastic waste collected from waste electrical and electronic equipment (WEEE) are also covered. Finally, the book covers the depollution benchmarks for capacitors, batteries, and printed circuit boards from waste electrical and electronic equipment (WEEE) and the recovery of waste printed circuit boards through pyrometallurgy. Describes depollution benchmarks for capacitors, batteries, and printed wiring boards from waste electronics. Covers metals contained in waste electrical and electronic equipment in municipal waste. Provides tactics for the recycling of mixed plastic waste from electrical and electronic equipment.

**EBOOK: Operations Management: Theory and Practice: Global Edition** STEVENSON, WILL, 2019-01-11

EBOOK Operations Management Theory and Practice Global Edition Operations Management, 3rd Edition B. Mahadevan, 2015 Operations Management Theory and Practice is the outcome of continuous testing of alternative ideas, concepts, and pedagogical designs with MBA students, working executives from diverse industries, and research scholars. The basic concept of this book is to incorporate the salient features one usually finds in international textbooks and at the same time enrich the book with contextually relevant examples. New chapter: Sustainability is increasingly becoming important for businesses. Several of the current students will be required to play a key role in managing businesses that are also sustainable in their operations. In order to equip the students with the necessary understanding of the related issues, a new chapter, Chapter 3 titled "Sustainability in Operations" has been introduced in this edition. Updated material: Several topics such as the design of manufacturing processes, lean management, and six sigma have been revised to make them more comprehensive. Moreover, many of the Ideas at Work boxes such as Caf Coffee Day (CCD) and the data provided in the tables have been updated to reflect recent events. The description of the new attempts by businesses to address sustainability and

project management pertaining to Terminal 3 of Indira Gandhi International Airport New Delhi is an example in this category

Additions to the end of chapter exercises Mini Projects and Net wise Exercises have been updated Video Insights This is a new feature introduced in this edition In an era of media convergence and availability of useful information on the Internet the students need to benefit from these and expand their understanding and scope of application of the concepts discussed in the book To facilitate this process over 15 videos have been identified and their URLs have been provided so that students can pursue them These videos cover the actual working of a variety of manufacturing and service firms along with expert opinions and interviews on certain aspects of operations

Formula Review This feature has been added at the end of such chapters where several new formulae have been introduced
