

Analysis of "Flight" and Flight Patterns by Sherman Alexie

Topic: Literature | Words: 625 | Pages: 2

The "Flight" is a novel written by Sherman Alexie about an American teenager who calls himself Zits. Sherman wrote this novel from the first-person perspective of Native American youth. Zits is depicted as a foster child who has spent most of his life moving from house to house and contending with negative and abusive family experiences. On the other hand, "Flight Patterns" is a novel also by Sherman Alexie and it is an intriguing story with many themes including stereotypes, identity, and illusion in society. Alexie has written this story in the first person narrative with the main protagonist being William. Therefore, the use of the first person in the two stories enables the readers to see the narrative from the point of view of the narrators. The two stories are similar in that they are exploring the concept of the fragmented identity of the main narrators in relation to the outside world.

In the novel, "Flight" Alexie recounts the life of a half-native American teenager who was orphaned and adrift in an institutional environment that has subjected him to marginalization and alienation. The boy is nicknamed Zits because of his pockmarked skin. The protagonist narrates how he lost hope and identity when he was abandoned as a half-breed urban Indian unable to identify himself either as white or Indian (Alexie 12). At fourteen years, Zits runs away from his 21st home and found himself in jail where he met with a hardcore criminal named Justice who convinced him to find his lost identity by killing his white oppressors. Therefore, Zits is inducted on the life crime unable to find himself or his identity.
